VICTIMS OF SHOTS FROM BLOCKADERS

Two Deputies Shot Down and Prisoners are Liberated Near Asheville

PITCHED BATTLE MAY RESULT

Sheriff of Madison Searching the "Wilds" for Fugitives—Shooting Occurred in Patch of Woodland.

Asheville, N. C., April 3.—With Nathan and Miller Gunter under arrest on the charge of the illicit sale of liquor, Deputy Sheriffs Briggs and Ayres, of Madison county, were last night proceeding toward Marshall, the county seat, when in a dense patch of woodland, in the Pelton Laurel section they were fired upon by two brothers of the prisoners and seriously wounded, the prisoners escaping with their kinsmen.

Deputy Ayres was in front when a load of buckshot struck him in the shoulder and he fell from his horse. Deputy Briggs, who was in the rear, spurred his horse forward and from the opposite side of the road there came from behind a tree a second shot which filled his face with buckshot, and he too, fell. As the two officers lay in the road, the brothers of the prisoners, Riley and Elisha Gunter, came from their hiding places and liberated the men under arrest. All four made their escape. Tonight they are believed to be in the vicinity of Newport, Tenn., just over the boundary line, and the sheriff of Madison county, with a posse and bloodhounds, are searching for them. There are nine of the Gunter brothers and a pitched battle is expected between the men and the officers.

PROPRIETRY MEDICINES.

"Cut Rates" Received Approval of Supreme Court.

Washington, April 3.—The right to "cut rates" in proprietary medicines in this country today received the approval of the Supreme Court of the United States. That tribunal in an opinion by Justice Hughes, declared that to do otherwise it would afford the manufacturers of medicine an unlawful monopoly.

The question of the right of a manufacturer to control the price of his article to the consumer arose in a suit begun by the Dr. Miles Medical Company, of Elkhart, Ind., against a wholesale dealer in medicines in Cincinnati, O., John D. Park & Sons Company.

Justice Lurton, then a judge in the Circuit Court, said that while the manufacturer of medicines under a secret formula had a right to a monopoly of manufacture, yet the courts could not insure him the "unnecessary monopoly" of controlling the price to the consumer.

Justice Hughes today quoted approvingly from Judge Lurton's opinion and stated that the medical company had made the mistake of considering its monopoly of manufacture to be a monopoly of sale.

Justice Hughes further said the manufacturer, having sold the medicines at prices satisfactory to itself that under the common law and the Sherman anti-trust law, the public had a right to the benefit of competition therein.

VALID DEFENSE AT LAW.

New Trial Ordered in Case Against Southern Surety Co.

Washington, April 3.—When a surety company issues a bond on an applicant's misrepresentation as to the purpose, such a misrepresentation makes a valid defense at law, decided Justice Van Orsdel, of the District Court of Appeals today. In the case of George Baglin, of New York, against the Southern Surety Company, the District Supreme Court had ordered the company to pay Baglin $45,000, the amount of a bond which Baglin, acting for F. Augustus Heinz, had secured to guarantee the return by Garrett B. Lindeman of $45,000 worth of negotiable. Lindeman was unable to return to the bonds, and the surety company was then proceeded against, pleaded fraud and misrepresentation. The court directed a verdict in favor of Baglin for $45,000 and the Appellate Court today reversed this decision and ordered a new trial, holding that the surety company was induced by fraud to execute the bond, which nominally was for the return of certain bonds, but in reality a bond guaranteeing re-payment of money.

DEMOCRATS IN THE SADDLE

Remarkable Harmony That Prevails Among Dominant Party—Committee Assignments—War Claims Are Good.

(By H. E. C. Bryant.)

Washington, D. C., April 3.—For the first time in years the Democrats of the House of Representatives seem to be united in formidable battle line, presenting an old-time Democratic front to the enemy. The caucus Saturday was well planned and well executed. Everything went off beautifully and left few sores.

The predicted rows did not materialize. Never before since I first came here has there been such a desire for, and such a spirit of harmony among the Democrats. Some of the sacrifices made here by Democratic congressmen should be recorded. Hal D. Flood, a popular Virginia congressman, was slated for the Committee on Foreign Affairs. Representative Sulzer, of New York, wanted to be chairman of the Committee on Military Affairs, and by rank was entitled to it, but for real reasons the Committee on Committees gave the place to Mr. Hay, of the Old Dominion. Then Mr. Sulzer threatened to make trouble but for sake of harmony Mr. Flood offered the chairmanship promised him. The New Yorker was satisfied and quieted. For a time this controversy promised serious results. Flood gave way and the air cleared. Frank Clark, of Florida, was ranking member on the committee on Merchant Marine and Fisheries. In order that his colleague, Representative Sparkman, could be given the chairmanship of the Rivers and Harbors Committee, he gave up one of the real ambitions of his life.

Other instances could be cited, but these will suffice to show the spirit that prevails here. "Get together," and "stay together," is in the very atmosphere.

The North Carolina delegation is well pleased so far. Representative Kitchin, who, by the way, is making a very valuable member of the great Ways and Means Committee, has done well for his State under the circumstances. Two members of the delegation, Pou and Godwin, were entitled to chairmanships, and they got them. Had Charlie Thomas been returned he would have, no doubt, been given the committee on Public Buildings and Grounds.

Every member was given one first-class assignment. There is no kick against Mr. Kitchin on this score.

"What do you think of the caucus work?" Mr. Page, who is always fair and just in his opinions.

"Why, the harmony of it presages good for the future," he said. "The North Carolina committee assignments are gratifying to the delegation. I am delighted with the outlook."

"We will run the House at one-third less than the Republicans have been doing," said Mr. Kitchin. "If we had the entire government we could save $250,000,000 a year. We have cut off the pay roll about 100 men. This, I think, should appeal to the business people of the country."

With the committee on claims, Mr. Pou's committee there are three positions, paying $2,500, $1,200 and $750. The Godwin chairmanship carries a $6 a day job. North Carolinians will get this patronage.

Senator Simmons said today that North Carolina can collect money obtained for 331 bales of cotton seized at Thomasville, Ga., August 15th, 1865, and citizens of the State can recover for about 1,700 bales captured at various places in the State subsequent to June 1st, 1865, if they will prove their claims before the Court of Claims. An act passed by Congress March 3rd made this possible. By this law the Court of Claims is given power to determine these. The State and private individuals are due about $336,000.

TRIBUTES TO DR. KNAPP.

Funeral Held in Washington—His Service to South.

Washington, April 3.—The funeral of Dr. S. A. Knapp, widely known expert of the Department of Agriculture, was held at the Foundry church here today and the body taken to his old home at Ames, Ia., for burial.

Secretary of Agriculture Wilson, Representative Ransdell, of Louisiana, and others, eulogized Dr. Knapp at today's services. Col. Ransdell pictured his magnificent services to the South, as a pioneer in the rice industry which he introduced and aided in developing into an industry involving millions of dollars, as a leader in the tremendous fight against the cotton boll weevil and in farmers' demonstration work generally and a leader in the Department of Agriculture, the department most important to the people.

SUITS AGAINST L. & N.

Forty-Seven Filed Resulting From Failure of Knight, Yancey Co.

Huntsville, Ala., April 3.—Twenty-four, aggregating almost two and a half million dollars, and 13 suits amounting to almost one million and a half dollars, were filed against the Louisville & Nashville and the Southern railroads, respectively, here today.

They are the outcome of the failure of Knight, Yancey & Company, cotton dealers, and were filed by complaints in an effort to obtain money lost through alleged forged bills of lading.

IMPORTANT ACTION IN SUPREME COURT

Second Interpretation of "Commodities Clause" Will Correct Evils

PART OF HEPBURN RATE LAW

Will Divorce Railroad Business From Coal Business—Result of Government Action Against "Anthracite Roads."

Washington, April 3.—The "commodities clause" of the Hepburn rate law, interpreted two years ago by the Supreme Court of the United States into what was commonly supposed to be an impotent group of words, was given new life today by that same tribunal in a second interpretation. So effective was the reconsideration of the subject that government officials tonight predict that the evils sought to be corrected by the legislation will now be remedied and railroad business henceforth divorced from coal business.

The case arose in the United States circuit court for the Eastern District of Pennsylvania and involved the government's action against the so-called "Anthracite roads." The Circuit Court primarily held the clause unconstitutional; the Supreme Court of the United States reversed the lower court, but, in remanding the case, drew a distinction between ownership and transportation of coal. The government then sought to amend its original position against the Lehigh Valley Railroad to meet the Supreme Court views. This the lower court refused to permit and dismissed the suits against all the roads.

Chief Justice White today announced the unanimous decision of the court and took the position that the lower court erred in refusing to allow the government to amend its original petition. He referred to the refusal as "an absolute abuse of discretion," he said, however, that the abuse was "obviously occasioned by a misconception of the character of the action of this court and the scope of the mandate."

"While that decision expressly held," said the chief justice in referring to the holding of the Supreme Court two years ago, "that stock ownership by a railroad company in a bona fide corporation, irrespective of the extent of such ownership, did not preclude a railroad company from transporting the commodity manufactured, mined, produced or owned by such corporation, nothing in that conclusion foreclosed the right of the government to question the power of the railroad company to transport in interstate commerce a commodity manufactured, mined, owned or produced by a corporation in which the railroad held stock and where the power of the railroad company as a stockholder was used to obliterate all distinctions between the two corporations. That is to say, where the power was exerted in such a manner, so as to commingle the affairs of both as by necessary effect to make such affairs practically undistinguishable and therefore to cause both corporations to be one for all purposes."

The decision was summed up by the chief justice in these words: "It must be held that while the right of a railroad company as a stockholder to use its stock ownership for the purpose of bona fide separate administration of the affairs of a corporation in which it has a stock interest may not be denied the use of such stock ownership in substances for the purpose of destroying the entity of a producing, etc., corporation and of commingling its affairs in administration with the affairs of the railroad company so as to make the two corporations virtually one, brings the railroad company so voluntary acting as to such producing, etc., corporations, within the prohibition of the commodities clause. In other words, that by operation and effect of the commodities clause, there is a duty cast upon a railroad company purposing to carry into interstate commerce a product of the producing, etc., corporation, in which it has a stock interest, not to abuse such power so as virtually to do by indirection that which the commodities clause prohibits, a duty which plainly would be violated by the unnecessary commingling of the affairs of the producing company with its own so far as to cause them to be one and inseparable."

"This decision re-opens the fundamental questions involved in the original commodities clause case," said Wade H. Ellis, special counsel for the government, in discussing the court's action. "The court now holds a railroad company cannot lawfully transport in interstate commerce the coal of the subsidiary company, which belongs to the railroad and which is managed so as to make it not in good faith an independent corporation. This will correct the real evil at which the commodities clause was aimed. It will divorce the railroad business from the coal business and compel interstate carriers to attend strictly to functions for which they were organized.

COAST LINE STARTS ACTION

Brought Jointly With L. & N. Attacking Federal Safety Appliance Act—Claim the Law Unconstitutional.

Atlanta, April 3.—Action attacking the Federal Safety Appliance Act, as it affects railroads, was started in the United States court here today at the instance of the Louisville & Nashville and Atlantic Coast Line railroads. They seek to have the act declared unconstitutional, setting for five reasons why the law should be taken off the statute books. The reasons are:

First, that Congress in passing the act, exceeded its powers to regulate commerce; second, that such a law is not authorized by the constitution; third, that the act is so broad that it penalizes railroads engaged in interstate commerce, whether the defective appliances on which the government bases its prosecution have been used in interstate commerce or not; fourth, that the act attempts to regulate appliances used in intra-state as well as interstate commerce, and, fifth, that the act violated the tenth amendment to the constitution because "the powers not delegated to the United States by the constitution nor prohibited by it are reserved to the States or to the people."

During the past few months the government has made more than a dozen cases out under this act against railroads entering Atlanta.

RALEIGH CAMPAIGN.

Good Government Forces Actively At Work at Capital.

(Special Star Telegram.)

Raleigh, N. C., April 3.—Raleigh's municipal campaign that is to prove the relative strength of the two antagonistic forces of the city Democracy brought into question by repudiation of the commission government proposition that was urged by the present city administration and it is claimed by old machine forces, so-called, to foreshadow their return to city control, opened tonight with a conference of 100 or more citizens, representing the "Good Government" forces of the present administration that issued a call for a mass meeting of Democrats to be held Wednesday night to name an aldermanic ticket and possibly candidates for other offices of the city.

Committees of three for each of the wards were named to ascertain the wishes of the respective wards and suggest candidates for aldermen to a mass meeting to name a ticket to be voted in the Democratic primary April 17th. An effort to have a mass meeting pledged to nominate city officials as well as aldermen was opposed by J. W. Bailey on the ground that it might endanger the whole ticket. His idea that fight be made exclusively for aldermen prevailed.

BURDEN ON OKLAHOMA.

Must Not Look to Federal Government for Protection.

Washington, April 3.—The burden of Statehood was brought home to the State of Oklahoma today when the Supreme Court of the United States in substance told the State that it was to look hereafter to its own law for the regulation of the liquor traffic, and freight rates; and not to the Federal government.

The State about a year ago filed an original petition in the Supreme court asking it to enjoin railroads entering the old Indian territory from carrying liquor into that section of the State. The request was based on the requirement that the State of Oklahoma provide in its constitution that liquor should not be sold there. The Supreme Court says today that the State should go into the State courts to enjoin the railroads under the State law, if it desired.

The court likewise refused to enjoin the Federal judges in Oklahoma from enforcing certain decrees they had issued in liquor cases involving a conflict of authority between the Federal and State courts.

The court held that in view of its right to receive the cases on writs of certiarari, it would not enjoin the judges.

Detroit, Mich., April 3.—The Republican State ticket was elected today in Michigan by a safe majority.

FAILED TO DECIDE THE TRUST CASES

No Decisions by U. S. Supreme Court Caused Disappointment

CROWD BLOCKS COURT ROOM

Governor Harmon and Senator Root Were in Attendance—Decision Affecting Certain Medicine Companies.

Washington, April 3.—Keen disappointment prevailed today in the vicinity of the Supreme Court of the United States when that tribunal finished its weekly task of handing down decisions without touching on the dissolution suits against the Standard Oil and the tobacco corporations.

The biggest crowd that has attempted in years to get into the court room today blocked the corridors in the capitol. Women and men stood in line for hours, even while the court was taking a recess for luncheon, in the hope that they would gain admittance. The 60 odd who were fortunate enough to procure seats within the court room early in the morning seemed to make an all day's visit of it, and, consequently, the patient and impatient ones on the outside remained outside. Governor Harmon, of Ohio; Senator Root, of New York, and a long list of distinguished personages waited throughout the three hours the court was announcing opinions, believing that the "trust" cases might be decided.

The failure of the court to decide the cases today precludes the announcement of the decisions until Monday next, at least.

Some of the members of the bar thought that the court was flirting with one question involved in the Standard Oil and tobacco cases, when it decided that proprietary medicine companies are not entitled to monopolies in the sale of their medicines and that the public is entitled to the benefit of competition among retailtrs thereof. Justice Holmes, in dissenting alone from the court's holding, uttered some caustic words about the "popular but mistaken" notion that competition was always beneficial to the public.

In both cases the government took the position that the natural effect of competition is to increase competition and to extinguish or prevent the free play of competition is to hinder it. The corporation lawyers questiontd the doctrine that the reduction of competition necessarily meant a restraint of interstate commerce, as referred to by tht Sherman anti-trust law.

COX FINALLY APPEARS.

Cincinnati Boss Acknowledged Service on Indictment.

Cincinnati, April 3. — After a vain search for George B. Cox for three days, and a decision to apprehend the Republican leader and financier on a warrant charging him with being a fugitive from justice, Mr. Cox today appeared at the court house and acknowledged service of the new indictment issued against him on Friday, charging him with perjury. Presiding Judge Hunt fixed bond at $1,000, which Cox immediately gave. Judge Hunt announced that he was ready to try the Cox case, but the attorneys for Cox argued that, inasmuch as Judge Hunt was the presiding judge who had decided a "bias and prejudice" affidavit against Judge Gorman, the presiding judge was prevented from trying the case, according to the statute. Thty requetsed him to select some other judge. Judge Hunt agreed with the attorneys, and announced that he would appoint another judge tomorrow. The validity of the change of venue asked for by the prosecutor and granted by Judge Gorman, wil colme before the judge appointed to hear the Cox case by Judge Hunt tomorrow.

TALK OF NEGRO SETTLERS.

Canadian in Parliament Declares They Make Undesirable Citizens.

Ottawa, Ont., April 3.—The movement of negroes into Western Canada to take up free homesteads was brought up in Parliament today by Mr. Thoburn, an Ontario member, who declared that hundreds of colored settlers had emigrated from the United States and at the rate the movement was growing there should now be a thousand of them planted in the Northwest. He asserted that they are not suited to Canadian conditions and would not make desirable settlers. The government, he declared, should do something to discourage the movement.

Minister of the Interior Oliver replied that the Canadian laws do not prohibit the entry of negro settlers, and the government could only administer the law. While the situation was being carefully watched, the government had not yet sten fit to take drastic action.

Hamilton, Ohio, April ..—Major George W. Rue, who is credited with capturing the guerilla chief, John Morgan, during the Civil War days, died at his home here today, aged 83.

GAYNOR REPLIES TO CHARGES

Denies Talk of "Crime Wave" in New York City—Grand Jury Investigation Begins—Officials Summoned.

New York, April 3.—The controversy whether New York really has a "crime wave" received impetus today from many quarters, including a statement from Mayor Gaynor in answer to the charges of Magistrate Joseph B. Corrigan, that crime was rampant and the police dormant.

"Do not persist in asking me about Corrigan," the mayor said. "He is one of those in this city whose heads are filled with vice and crime. How did their heads get so filled with vice and crime? You only have to follow them around at night to find that out. Those of us who have to deal with the city intend to go right on with the large things which confront us."

Magistrate Corrigan merely smiled over the mayor's statement.

"I do not think that I will say any more now," he said, "as the matter is where it belongs—before the grand jury."

In an effort to get an intelligent idea of how wide is the crime wave, the grand jury subpoenaed today, officials of half a dozen burglary insurance companies to testify as to the number of burglaries reported since January 1st and asked hospital authorities to furnish figures as to the number of persons blackjacked or otherwise assaulted that had come under their care.

The "squeal book", a record which the police keep of complaints of crime, and which Magistrate Corrigan has charged will show countless cases that have been kept from the public is also to be inspected.

FIGHTING SENATE RULES.

To Determine Where Debate Shall Cease on Certain Subject.

Washington, April 3.—Senator Curtis, of Kansas, is preparing to inaugurate a crusade for an amendment of the Senate rules, which will permit the Senate to determine when debate shall cease upon a given subject. He announced today that he will introduce a resolution for an amendment to provide for cloture after a subject has been under discussion for five separate calendar daye or ten consecutive hours.

Under the plan suggested, any Senator would be recognized to move for hte termination of debate, and if the motion prevails by a two-thirds majority a vote shall be taken after three hours' additional discussion.

"Under the present rules any two or three senators can hold up a subject indefinitely," said Mr. Curtis in discussing his resolution.

"The country sends us here to transact business, and we shall provide the way for doing so. Certainly there can be no reasonable complaint of a rule that allows two-thirds of the members a voice on the point of cloture."

Greensboro, N. C., April 3.—The regular squad of the New York Nationals defeated the local club of the Carolina Association 11 to 0 in a game here today. Teserea and Raymond pitched three innings each without allowing a hit, while Hendricks gave up two in his quarter. Devore duplicated Ingerton's feat on Saturday by placing a ball across the park fence for a home run.

NO AVIATION MEET.

Fayetteville Date Transferred to Greensboro—Bishop Strange.

(Special Star Correspondence.)

Fayetteville, N. C., April 3.—Owing to difference with the management of the local fair grounds, the aviation meet scheduled for this city on the 7th has been transferred to Greensboro. The date is April 7th.

The local postoffice was moved this evening into the handsome new government building. All business will be conducted from the new building Monday.——Bishop Strange was heard by large congregations at St. John's yesterday morning and evening, confirming a class of 19 at the morning hour. Both sermons were strong and charmed the large congregation of Fayetteville people.

NORMAN LEWIS TO DIE.

Murderer of Spring Hope Chief of Police on May 12th.

(Special Star Telegram.)

Raleigh, N. C., April 3.—May 12th is set by Governor Kitchin for the electrocution of Norman Lewis, the negro who on September 18th last, killed Chief of Police J. M. Stallings, of Spring Hope. He was convicted and sentenced to death last November and an appeal recently decided against the prisoner, staved off the electrocution from the day originally set. May 5th was first selected by Governor Kitchin today for the electrocution, but it was found this evening that Lewis West is to die on that date for the murder of Deputy Sheriff Munford, at Wilson, hence the change to May 12th for Norman Lewis.

MANN WAS CHOSEN MINORITY LEADER

Illinois Congressman Named at Republican Caucus Held Last Night

PROTEST DEMOCRATS' ACTION

In Regard to Dividing Up Committee Places—Mann Was Proposed by Speaker Cannon—Congress Convenes Today.

Washington, April 3.—Representative James R. Mann, of Illinois, was unanimously chosen candidate for Speaker and floor leader for the Republicans in the House of Representatives at a caucus in the House chamber tonight. He was proposed to the caucus by former Speaker Joseph G. Cannon and received the support of the regulars and those insurgents who were present. His endorsement means that he will receive the Republican votes in the House tomorrow when a Speaker is elected and that he will become the active head of the minority party in the House in the new Congress.

More than a dozen insurgents were not present at tonight's caucus. During the afternoon the insurgents held a meeting at which 46 were either present or accounted for. For more than four hours they discussed the party leadership and the method of filling committee assignments, but no definite action was taken on either of these proposals.

Many of those who are opposed to Mr. Mann did not attend the caucus tonight. There was no concerted action, however, toward disagreeing from the general party programme.

The caucus proceedings were harmonious on all points except the method of selecting the minority members of the standing committees of the House.

Speaker Cannon was one of those who strongly advocated the selection of the minority committee members by the Republican floor leader. In a characteristic speech to the caucus he reviewed his own eight years as speaker and pointed out the satisfactory results which he believed had been obtained by placing upon one man the responsibility for selecting the members of the committees. Mr. Madison, of Kansas, who had been a prominent figure at the afternoon meeting of the insurgents, strongly advocated the plan of having a committee on committees. He said it was the only proposition that he could consistently support as the legislative body of his State had declared in favor of it.

After a two and a half hours' debate, Mr. Mann was authorized to name the members of the standing committees of the House.

Chairman Underwood, of the Democratic Ways and Means Committee, will, as the result of tonight's action by the Republicans, confer with Mr. Mann as to the filling of the Republican places on all of the committees. Two members of the House of the unique distinction of having taken part in neither the Republican or Democratic caucuses. One is Mr. Berger, of Milwaukee, Socialist, and the other Theron Akin, of New York, elected as an independent Democrat. The Democrats have decided to give both of them committee assignments irrespective of the two large parties in the House.

Mr. Dwight, of New York, was again nominated for Republican whip, though he announced in the last Congress he would not again be a candidate for whip.

The caucus was marked by the first protest of the Republican minority against the action of the Democrats in dividing up the committee places. Mr. Mann presented to the caucus a lengthy protest against the method adopted by the Democrats of increasing the number of members on the 15 leading standing committees without proportio ately increasing the number of places given to the minority party. The Republican protest declares that this would be an unfair apportionment of majority and minority representation on the committees and contrary to the practice of past Congresses. It declared that whenever the membership of the committees increased in the past it has been customary to give the minority a fair proportion of the increased membership.

STARTED REID TO FAME.

John H. Henderson Died Yesterday at Indianapolis, Ind.

Indianapolis, April 3.—John H. Henderson, aged 81, who is given the credit for starting Whitelaw Reid, American ambassador to Great Britain, on the road to fame, died today, at the home of his daughter in this city, after a long illness.

Mr. Henderson was born in Canada where he reported the sessions of the Canadian Parliament for several years, later becoming connected with the Albany, N. Y., Journal. Just before the Civil War, he went to Cincinnati, Ohio, and became city editor of the Gazette. There he became acquainted with Mr. Reid and recommnded him to the owner of the paper to "cover" the war for the Gazette, and Mr. Reid became famous as a war correspondent.

The body of Mr. Henderson will be taken to Cincinnati tomorrow for burial.

SCREEN ORDINANCE STANDS

No Opposition to Speak of and Aldermen Declined to Modify Measure—Few Other Matters Before Aldermen.

The screen ordinance as adopted by the Board of Aldermen March 7th to become effective April 1st, but the enforcement of which was held in abeyance until Front street market house men could be heard on certain features, was thoroughly considered again last night by the Aldermen and after a free and full discussion, and after several minor amendments had been sent over on objection, the measure is operative just as it was originally adopted, and the spirit of the ordinance will be enforced by the chief of police under direction of the Mayor.

The action of the Aldermen in declining to tamper with the ordinance in any way will meet with the approval of the citizens generally, and will not bring down upon them condemnation of the merchants and market dealers, for there was not any decided opposition to the measure, the Front street market men merely desiring to be heard on the practicability of screening the stalls. It is true that Alderman Fales, chairman of the market committee, showed decided opposition, but he appeared to be alone in his fight. Evidently disgusted with his colleagues for their position, he moved, at one time during the discussion, that the ladies of the city be required to screen their tables and that all screens be taken out of their doors and windows.

The board met at 7:30 o'clock with Mayor MacRae presiding and Aldermen Hinton, Fales, Bonitz, Hall, Ellis, Stone, Willard, Yopp, West and Rehder in attendance; also City Attorney Herbert McClammy and Clerk John J. Fowler. After the reading of the minutes and the voting of the mosquito appropriation, as told of in another column, reports on the clerk's table were read. The report of the Street Commission showed that during the month of March warrants were drawn for a total of $366.84, of which $362.54 was for pay rolls in that department. The Commission reported the award of a contract to Bowe & Page Dray & Construction Co., for paving Sixth street, between Campbell and Brunswick street, with brick at $2.45 per square yard, also the contract for curbing at 49 cents per lineal foot. The clerk was instructed to call the attention of the Board of Audit and Finance to the prices, considered high, and also that it would seem that there is no necessity for letting these contracts now, nearing the term of office of the commission, when the bridge over the railroad at Sixth street will not be completed in two or three months.

The report of the City Clerk and Treasurer showed that on March 1st there was a balance in the treasury of $6,203.73; receipts during the month, $43,705.27, a total of $49,909; disbursements during month, $16,458.26, leaving a balance of $33,450.74.

The resignation of Mr. Joseph D. Smith, as a member of the City Board of Health, effective April 30th, was received and accepted. The following applications for license to conduct restaurants received unfavorable action: Stacey McNeill, colored, 10th and Castle streets; W. C. Pearson, 115 1-2 South Front; Z. Bass, Fourth and Nixon. The matter of paying the cost of repairing the second gallery of the opera house, amounting to $162.75, was brought to the attention of the board through a communication from Mr. H. E. Bonitz, the architect, and the board voted not to approve the bill. Alderman Hinton called attention to a report that the Starkey building, on Princess, near Water street, was not being erected according to requirements in that the walls are of insufficient thickness. The building committee, consisting of Aldermen Yopp, Stone and Rehder, were named by the Mayor as a special committee to investigate and make report to the Mayor. The committee will make an investigation at 11 o'clock this morning.

Upon motion City Attorney McClammy was authorized to notify the Atlantic Coast Line that the work of building the road to the Wynnewood box factory, a disance of about four blocks, would have to be begun at once. The statement was made that there is likelihood of a sash and door factory going up in that section if improvements to the road are made. It was also stated that the capacity of the box factory may be doubled. Mayor MacRae stated that capitalists from the North are considering the matter of locating a million dollar enterprise in Wilmington, if given the proper inducements. A representative of the capitalists will visit the city in a short time.

Alderman Stone reported that he had made a careful investigation of the lights to see if the city was getting all the lights paid for. The city is the loser on account of this investigation, because a light on which the city has never paid anything was discovered by the Tidewater Power Co., during the investigation and a bill was rendered for $90.13, for the four years the city has been getting the light free. The matter of paying the bill was left with Aldermen Stone, Yopp and West as a committee.

The chairman of each committee was instructed to hand in during the next few weeks an inventory of all the property in his department for the information of the incoming administration.

When the report of the market committee was called for, Alderman Fales brought up the screen ordinance for discussion, and one hour was consumed in talking over the various phases of the measure, with the result as above stated. Mr. J. J. Hopkins, of Hopkins & Davis, was present and addressed the board, making it plain that he was in favor of anything for the betterment of health and sanitary conditions in Wilmington, but stating that he thought it impracticable to screen the stalls. Mr. Jeff Sellars stated to the board that he used a large fan in the center of his market and this drove all the flies away and wanted to know if it would answer the purpose. This will be one of the matters for the consideration of the Mayor in the enforcement of the law.

The city will bear the expense of screening the doors to the public market houses, but the expense for screening the individual stalls must be borne by the dealers.

Mr. T. O. Bunting was elected tax lister for the city. It is understood thae the listing this year will be in May instead of June as formerly. Mayor MacRae appointed Aldermen Willard, Stone and Hinton to confer with Mr. M. S. Willard with reference to the 25 acres of land promised the city upon the completion of the improved road in the southern section. The meeting adjourned shortly before 10 o'clock.

FOR STORE-BREAKING.

Negro Youth Rounded Up Last Night by Officer J. J. Moore.

Charged with breaking into the store of the Northern Fruit Co., Angelos Procopes, proprietor, on Water street, last Saturday night and stealing six boxes of cigars and 45 boxes of cigarettes, valued at $97, Willie Jenkins, a negro youth, was arrested at 9 o'clock last night by Officer J. J. Moore, who worked up the case against the lad. The boy was lodged in the city prison to await hearing before the Recorder this morning.

Officer Moore, whose splendid detective work has brought him right much in the lime-light recently, found the cigars and cigarettes alleged to have been stolen in the store of Blain Sloan, colored, on Nixon, between Seventh and Eighth streets, where the boy is occasionally employed. Sloan stated to the officer that he did not know where the boy got the cigars and cigarettes, but that he gave him the money with which to make the purchase. The boy told the officer that he did not know anything about the articles and that he was not sent to buy any by Sloan. There is only one other firm in the city that sells that make of cigars, the officer said, and the shipping clerk of this firm said that he never sold Sloan an order at any time.

Entrance to the store of the Northern Fruit Co. was effected through a door in the rear.

Funeral of Mrs. Howard.

The funeral of Mrs. Martha Howard, whose death occurred Saturday night at her home, No. 711 Castle street, was held at 10 o'clock yesterday morning from the Church of the Good Shepherd, conducted by the rector, Rev. Thos P. Noe. The interment was in Bellevue cemetery, and the pall-bearers were Messrs. J. H. Burriss, C. H. Huband, R. S. Pridgen and J. M. Lord. A number of friends were present to pay a last sad tribute to the memory of the deceased and many beautiful flowers were laid upon the grave.

Midnight in the Ozarks.

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c and $1.00. Trial bottle free. OPENS IN BLAZE OF GLORY

Greatest of All Bazaars in History of Boys' Brigade Began Last Ngiht —Large Crowds Present— Again Tonight.

The great bazaar of the Boy's Brigade opened last night in a blaze of glory and the armory presented a scene probably never equalled during a similar event in the history of that well known organization. The crowd was large and jolly and the animation general. The booths in their finished state are exquisite and present a most brilliant and attractive appearance. All did a rushing business, the demand for goods of various kinds keeping the committee busy every minute of the time.

The very popular country store did an unusually large business. The goods being distributed by this store are more valuable than ever offered by a similar establishment. Many prizes range in value as high as $5 and all goods go for the small sum of 10 cents each. The fancy goods booth is stocked with a large supply of the most delicate and beautiful fancy articles, all hand-made, and of every design. The price of these goods is very reasonable and the booth is doing a splendid business. Those desiring real bargains should be sure to attend this sale.

The tableaux presented were of a most realistic and artistic sort and called forth the most rapt attention and vigorous and prolonged applause. Each participant portrayed the part assigned in a most delightful manner and all acquitted themselves with great credit.

The bazaar will continue for two more nights. The special entertainment tonight is a vaudeville presentation bp some of the best known amateurs in the city, the programme being under the personal direction of Mr. S. A. Matthews, and is as follows:

Minstrel Opening—Interlocutor, S. A. Matthews, Tuck Farris and Ed. Brewer, end-men.

Quartete—C. B. Armstrong, 1st tenor; E. A. Brewer, 2nd tenor; W. S. Beardley, 1st bass; Harold Pate, 2nd bass.

Solo—H. Pate.

Solo—C. B. Armstrong.

Buck and wing dancing—Will Daniels, Ed. Brewer and Joe Meyer.

The great aviation meet—See the real airship in full flight.

This will be a hummer and no doubt will be witnessed by a large number of people wishing to have a good time. The Brigade orchestra will be present again tonight to discourse sweet and enlivening music and by their presence add brightness and gayety to an already brilliant scene. The doors will open at 8 o'clock. An admission of 10 cents is charged at the door.

Richmond, Va., April 3.—Carter W. Branch, senior member of the firm of Branch, Cabell & Co., bankers and brokers, of this city, died at his home here tonight in the 53rd years of his age. He never married.

ANNUAL INSPECTION W. L. I.

Capt. Corput Comes Next Friday—Making Trip Over the State.

The annual inspection of the Wilmington Light Infantry will be made next Friday night by Capt. R. V. D. Corput, of Fort Caswell, accompanied by Col. H. D. Harper, of Kinston, and the event is being looked forward to with much interest by members of the company. Capt. Corput passed through here last week on his regular inspection tour and will visit coast artilbery companies at Charlotte, Salisbury, Greensboro and Newbern. In order that the Wilmington company may be in readiness for Capt. Corput Friday, Capt. E. A. Metts, the commanding officer, will carry his men through the inspection at the armory this evening. The company is composed of 65 enlisted men and three officers, which is considered a large company in the National Guard. The company will be inspected in the regular field equipment and it will be held on Market street, near the corner of Front.

An Athletic Association has recently been organized by the W. L. I. and a baseball team will be put in the City League. Besides this a basketball team has been organized and efforts are being put forth for a tennis tournament, in which the W. L. I. will participate.

LOST CHILD RECOVERED.

Missing Six Weeks, Found by Deputy Sheriff John W. Brown.

Gladys Fullwood, eight years old, the colored child who has been missing from the home of her foster parents, George and Mary Fullwood, on Wood street, for more than six weeks, was recovered last night by Deputy Sheriff John W. Brown. During the day the officer heard the child was at "Old Town," near Carolina Beach, and he went there but found she had been sent up on a boat to the city. The officer continued work on the clue and last night found the child in possession of Robert Simmons, No. 9 Kidder street. The girl was restored to her parents and Simmons was cited to appear at the office of Justice George Harriss at 10 o'clock this morning. He claims the child was given to him to be raised. There will be an investigation of the entire circumstances surrounding the disappearance of the child.

Richmond, Va., April 3.—Through orders issued today, all volunteer infantry officers in Virginia are directed to report at Luray, on May 24th, for a week's duty in a camp of instruction. Officers from the regular army will do the instructing.

A. & M. FOOTBALL.

Schedule Announced by Manager Bowler With One Open Date

(Special Star Correspondence.)

West Raleigh, N. C., April 1.—With the exception of one open date, A. T. Bowler, of Sanford, Fla., manager of the A. & M. football team, issued today the complete schedule of games for next Fall. The schedule is one of the best eevr arranged for A. & M., including as it does some of the biggest teams in the country, both North and South. The crucial of schedule, and to this section the most important athletic event of the year, is the annual Thanksgiving game with the Virginia Polytechnic Institute on November 30th, at Norfolk. Present prospects for winning this game are excellent, as only Bray, von Eberstein and Gattis are expected to be missing from the line-up that defeated the Techs last year. Their places will be hard to fill, but there is an abundance of good material from last year's scrub team out of which some great players can be developed.

The schedule is very pleasing to the students of the college, as well as to the football enthusiasts of Raleigh, on account of the number of good games to be played at home. These, Bucknell, University of Pennsylvania, Washington and Lee, University of Tennessee, and the U. S. S. Franklin, will furnish great exhibitions of the Fall sport. The Bucknell game is to be played during Fair Week.

The date with Washington and Lee is a source of considerable gratification to the students of A. & M., who deeply appreciate the fine sporting spirit shown in the action of the Washington and Lee students in making a game possible.

It now appears that there is no probability of playing a game with Carolina. A movement was started last Winter by alumni of both institutions to bring about a game and November 18th, tentatively set as the date. Negotiations were continued until upon the publication of Washington and Lee's schedule it was seen that they had been given the date with Carolina under consideration. Failure to secure this game has caused keen disappointment to the students and athletic management at A. & M. A game has, however, recently been arranged with Wake Forest College for this date.

The schedule is as follows:—October 7, U. S. S. Franklin, at Raleigh; October 14, open; October 19, Bucknell, at Raleigh; October 28, University of Tennessee, at Raleigh; November 4, U. S. Naval Academy, at Annapolis; November 11, Washington and Lee, at Raleigh; November 18, Wake Forest, at Wake Forest; November 30, Virginia Polytechnic Institute, at Norfolk.

ROCKY POINT PRODUCTS.

Mr. E. D. Pearsall Sends His Annual Spring Contribution.

(Special Star Correspondence.)

Rocky Point, N. C., April 1.—'Tis said "the proof of the pudding is chewing the bag, the proof of the pie is a slice to try." Anyway, I am sending you under separate cover first ripe strawberries, lettuce, raddish, rhubards and caladiums that grew in place of the boggy fen where the bull frog once had his midnight bacchanalian orgies calling for a "jug-er-rum, jug-er-rum;" the copper moccasin hissing in refrain, the musical mosquito presented his bill. They all have gone to a water mill pond because the country is dry, they left with a croak and a sigh where grow the willow and the bull rush. The spade and ynamite haveaccomplished much. I am sending also a fine grade of Norton yam, blooded strain, see the distended vein, the "Nancy Hall," a rich golden yellow ball that matures in 60 days; a semi-vineless variety, the yield is 3 to 1 of Norton. "The Triumph," a species of bog potato that matures in 47 days, 37 1-2 minutes, a most remarkable record. All of these roots are second crop and show the wonderful productivity of Pender's peerless soil that only awaits the drainage proposition carried into effect to make the wonderful changes that are hereby demonstrated. These products are from the farm described in pesterday's Star, R. F. D. No. 1. I failed to note the berries were planted August 10, radish, rhubarb and lettuce during January 1911. The lettuce land will make as second crop 2 1-2 bales cotton per acre. All grown under the warm usufruct and beneficent rays of The Morning Star that doth ever continue to shine.

A Farmers' Union was organized this P. M. with 15 charter members. Mr. T. J. Armstrong president; W. W. Pearsall secretary. To meet Saturday 3 P. M. E. D. P.

NEWBERN CITY SCHOOLS.

Bishop Strange to Preach Sermon—Fertilizer Shipments Heavp.

(Special Star Correspondence.)

Newbern, N. C., April 3.—The commencement of city schools wil be held on May 30, 31 and June 1. Rev. Plato T. Durham, of Concord, will deliver the literary address and Bishop Robert Strange, of Wilmington, will preach the sermon to the graduating class.

The shipment of commercial fertilizers from Newbern to interior points at this season of the year is immense. At present the shipments by rail are around 100 cars a day. The A. C. L. taking 25 and the N. S. about 75 cars. Quite a large amount is also sent by boats to points on the Sound and nearby river points.

The Johnny Jones Carnival Company are here for this week for the benefit of the firemen.

KILLED AT CALYPSO.

Mr. Henry Lee, Aged Gentleman Run Over by Train Saturday.

(Special Star Telegram.)

Goldsboro, N. C., April 3.—Parties coming to this city this afternoon report that a special express train of empty cars going south over the Atlantic Coast Line between this city and Wilmington Saturday afternoon, at a high rate of speed, struck and instantly killed an old white gentleman, Mr. Henry Lee, at Calypso, who was walking across the track on his way to the home of his daughters with whom he lived.

DEATH OF JUDGE ADAMS.

Passed Away at Warrenton Sunday—Probable Successor.

(Special Star Correspondence.)

Raleigh, N. C., April 3.—There is much speculation here as to the probable selection by Governor Kitchin of a successor to Judge Joseph S. Adams, of Asheville, as Superior Court judge from the 15th district, who died Sunday at Warrenton, where he held court last week. In 1908 when Judge Fred Moore, of this district died, Governor Glenn appointed Hon. J. D. Murphy as his successor to serve until the Fall elections. At that time Judge Adams was an active candidate for the appointment and failing in this, his friends carried the fight into the judicial district convention with the result that Adams won the nomination from Judge Murphy. Now it is being said by many that it would be a graceful thing for Governor Kitchin to give the commission for the unexpired term of Judge Adams to Judge Murphy. The appointment will have to be made from among lawyers in the 15th district, composed of the counties of Buncombe, Madison and Transylvania. It is pointed out that all the leading lawyers who would make good judicial timber were Craig men in the memorable Kitchin-Craig fight for the Governorship in the State Democratic convention at Charlotte three years ago.

Judge Whedbee, who wound-up his two-week's term of Wake Superior Court, last week and was scheduled for a week at his Greenville home in consequence, was today directed by Governor Kitchin to go to Jackson and hold Northampton Superior Court this week instead of Judge Adams.

T. N. McDIARMID DEAD.

Well Known Young Robesonian Passes—Big Gathering.

(Special Star Telegram.)

Lumberton, N. C., April 3.—Relatives were saddened here today by the receipts of a telegram from Asheville announcing the death of Mr. T. N. McDiarmid, in that city, this morning. He had been confined to his room for several months being a victim of consumption. He was a son of the late W. W. McDiarmid, who for nearly 25 years published the Robesonian. He received license to practice law two or three years ago but his health soon failed and he followed his profession for only a short time. Mr. McDiarmid entered his 35th year in January The remains will be brought home for interment and the funeral will be conducted Wednesday when the remains will be laid to rest in the Norment cemetery with his parents, both of whom have already passed away.

One of the largest and most representative gatherings of Robeson county people which has met in some time was here today. Besides Superior Court, the county commissioners, board of education, board of health, board of road supervisors, directors of the flour mill and county farmers' union, were in session.

A. & M. DEFEATS DAVIDSON.

Took First Game by Score of 4 to 1 at Raleigh Yesterday.

(Special Star Telegram.)

Raleigh, N. C., April 3.—A. & M. took the first of the series of two games with Davidson here today 4 to 1. The Presbyterians scored their only run in the fifth on a beaten out bunt and two errors. The Farmers scored two in the fifth on two errors and two hits, one in the sixth on two hits and one in the eighth, a home run by Hartsell.

POINDEXTER MAKES CHARGE.

Ballinger-Pinchot Probe Declared to be "Pre-Arranged White-Wash."

Spokane, Wash., April 3.—Declaring that the recent Pinchot and Ballinger investigation was a "pre-arranged white-wash," Senator Miles Poindexter today predicted an investigation of the Interior Department by the coming special session of Congress.

"The men who introduced the investigation resolutions at the last session said a vindication of Ballinger was what they wanted, and they got it," declared Poindexter. "The people demand a thorough investigation, and I have no doubt they will get it, now that the recent election has made it possible."

TESTED and PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Wilmington readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

L. H. Partin, 505 Chestnut St., Wilmington, N. C., says: "I am very pleased to confirm the public statement I gave in February 1908, recommending Doan's Kidney Pills. I have used this remedy occasionally since then and it has always brought the best results." (Statement given December 26, 1910.)

The endorsement referred to by Mr. Partin was in substance as follows: "My back was weak and lame and I had acute pains across my loins. The secretions from my kidneys were highly colored and filled with sediment and caused me much distress when being voided. When I saw Doan's Kidney Pills advertised, I obtained a box from Bellamy's Drug Store and began their use according to directions. They acted just as represented and drove away all the symptoms of my complaint."

LAURINBURG'S NEW HOTEL.

Will be Up-to-Date in Every Respect. The Charlotte Highway.

(Special Star Correspondence.)

Laurinburg, N. C., April 3.—The new hotel at this place is nearly completed and will be open at an early date. When completed and open it will be up-to-date in every particular and thoroughly in keeping with the other many progressive movements of the town. It will be entirely new and will have all the modern improvements and conveniences. The hotel has been leased to Mr. Sinclair, who has been with the Yarborough House in Raleigh, for a long while. Mr. Sinclair is a very capable hotel man and is already well known by the traveling public. His coming will be a decided gain to Laurinburg. He is in Laurinburg at present looking after preliminary matters.

The executive committee of the Charlotte to Wilmington Highway, when it meets in Maxton Tuesday, will find that Scotland has already been at work. Unless the committee shall decide to survey an entirely new route Scotland will have little more to do than maintain her roads. The main highways from east to west across the county have all recently been rebuilt, with the exception of a short distance and that is being worked on at present. Mr. J. T. John, Jr., is Scotland's member of the committee.

HAMON IN SUPREME COURT.

Spoke in Behalf of Chesapeake & Ohio Railroad.

Washington, April 3.—For about a minute today Governor Harmon, of Ohio, addressed the Supreme Court of the United States. He submitted on behalf of the Chesapeake & Ohio Railway Company a request that the court review the finding of the Circuit Court of Appeals of the sixth circuit in a case began years ago and involving the construction of a contract for the development of coal lands in West Virginia in which the railroad on one side and Thomas G. McKell, of Chillicothe, O., were interested. The court took the request under consideration, oral arguments not being in order.

S.S.S. RIDS THE SYSTEM OF CATARRH

Catarrh usually begins with irritated, inflamed membranes of the head, nose and throat, from which there is a constant and copious discharge of watery matter. Nature intends that these membranes shall be nourished by the blood, but waste matters and impurities deposited into these delicate parts, sets up inflammation and the discharge is a natural result. There is only one way to cure Catarrh, and that is to remove the cause by purifying the blood. Washes, sprays, inhalations, etc., do not reach the circulation, and therefore can only afford temporary relief. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter, and at the same time building up the system by its unequalled tonic effects. In other words S. S. S. cures Catarrh by purifying the blood so that the mucous surfaces and linings of the body are supplied with healthy nourishment instead of being continually irritated from the catarrhal impurities. Then the inflamed membranes heal, the discharge is checked, head noises cease, the stomach is toned up, and the throat is no longer clogged with mucus. Book on Catarrh and any medical advice desired, free. S. S. S. is for sale at drug stores.

EASTER Is Almost HERE

and Geo. O. Gaylord has made great preparations to take care of the Easter trade. His big store on Front Street is loaded up with new goods.

The Millinery Department has just completed its Annual Spring Opening, and it was the greatest success of any in the history of the store. We have an immense number of beautiful hats, and they are in a great number of different styles. I would like to urge the ladies not to wait until Easter-Day to make their selections as they can get better suited now than they could at the last minute. Our Trimmers in our Millinery room are all experienced Milliners. We are trimming our hats free of cost to our customers if they buy the hat and material from us. We are anxious for your business and are trying hard to get it. We have every Modern facility in handling Millinery. We buy in large quantities and from the very best factories in the United States and I feel quite sure that with the inspection of our line you will find that our prices are right and the styles correct and that you can be satisfied with the large stock of Millinery that you would have to select from. We ask that you would remember our Dress-goods and Silks—We have a very extensive line of these goods, on the ground floor. Kindly give them a look when passing through to the Millinery Dept.

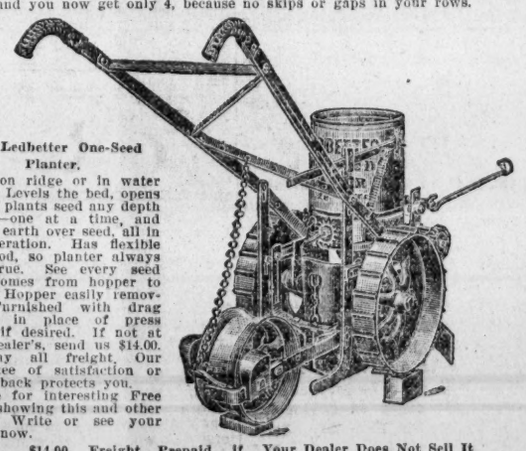
PLANT COTTON ONE SEED AT A TIME

EQUALLY SPACED — NO SKIPS — NO BUNCHING.

Without preparation of the seed, plant a bushel or more or a peck or less to the acre, one to six inches apart, as you set it, always one seed at a time. Save half the work and time of chopping. Positive force feed means absolute regularity of drop without cracking or crushing seed. Each plant has room to grow though chopping be delayed. Insures early maturity and 5 bales from land you now get only 4, because no skips or gaps in your rows.



The Ledbetter One-Seed Planter,

plants on ridge or in water furrow. Levels the bed, opens furrow, plants seed any depth desired—one at a time, and presses earth over seed, all in one operation. WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

A University professor says the blonde will be the future American girl. So will the brunette.

Public opinion is a great thing. Politicians bow with alacrity to public opinion. The fact is the only opinion which a certain class of politicians hold is public opinion. They drift easily with the tide.

A New Jersey man burned up his wife's clothes to keep her from gadding around in the streets. He's very foolish, for like as not she'll slip away from home and expose his meanness by going on the stage.

Of course, we can't all be George Washingtons. The truth would go harder with some people than it did with the young hopeful It's different between cutting a cherry tree and doing what some folks do.

Might have known that a man by the name of O'Gorman would have been prominent in New York politics. Nothing but good is said of New York's Democratic Senator, although he is a strong Tammanyite.

Says the Greensboro Record: "Simmons is scared or his friends or former friends would not be so eager to get a third man in the race. And all the time Kitchin is as mute as a mouse." Aren't the newspapers more concerned in the supposed Senatorial contest than either Simmons or Kitchin?

The Charleston merchants' excursion visited Wadesboro last evening and were given a warm reception by Wadesboro's business and professional men. This trip of the Charlestonians into North Carolina will give them an opportunity to see some of the splendid progress being made in North Carolina.

In Chicago on Friday evening, Mrs. Charles E. Merriam made a whirlwind campaign in the interest of her husband who is the Republican candidate for Mayor. Neighbors arranged receptions, and accompanied by a party of lady friends she whirled in an automobile from one place to the other. The ladies are taking an active part in the campaign and are making speeches for the candidates.

Secretary Grant, of the Washington Chamber of Commerce, has hit upon a new plan to get members to attend the Chamber's committee meetings. He has employed six pretty stenographers and typewritists, and the Post says "if the supply of attractive feminine stenographers holds out, the Chamber of Commerce will have to hire a hall to accommodate its committee meetings." By George, that's a popular idea.

In a message to the Mexican Congress President Diaz commits himself to the advocacy of many reforms demanded by the revolutionists. Among these are reform in the election laws, correction of the abuse of power, extension of the right to vote, one term for the presidency and other elective officers, etc. This seems to be bowing to the inevitable, but why did the President wait till his Republic was almost rended before bettering conditions in Mexico? Delay in reform is dangerous.

A little delayed by "fast" express from Rocky "Pint", but nevertheless in the "pink of perfection," the Star has received from Col. E. D. Pearsall, the sage of Pender, a miscellaneous collection of the fruits and flowers of his part of the moral vineyard. Col. Pearsall fittingly remarks that these contribute the proof of what can be accomplished by drainage in eastern North Carolina. "All our country needs," observes Col. Pearsall, "hinges on good roads and drainage. Behold! one man's result."

GREAT BLOW TO THE SOUTH.

News of the death of the distinguished Dr. Seamon A. Knapp will be received with profound sorrow through out the South. On account of Dr. Knapp's personality, thousands will experience the sincerest regret, while, from consideration of his eminent service to the country, his dath will be viewed as little short of a calamity.

Especially in the South will Dr. Knapp's loss be sensibly felt, or his great work in the advancement of scientific agricultural methods and his successful promotion of the diversification of crops made him one of the most useful and practical developers of our times. His demonstration of farm work in the South, where he has for many years worked along the most practical lines, will be of lasting benefit to the country. Indeed, it would be impossible to estimate the value of such a man in the fuller development of the agricultural possibilities of this country.

Dr. Knapp died at his home in Washington on Saturday, aged 78 years. He was one of the most foremost experts of the Department of Agriculture, and his vast knowledge, extensive experimentation and his wide experience made the Bureau of Plant Industry a tremendous factor in advancing the cause of agriculture and horticulture throughout the United States. For many years, owing to his declining health, he has been assigned to special work in the South, and it was Dr. Knapp who originated the idea for the organization of the Boys' Corn Clubs, now embracing members in all the Southern States working along the line of his practical and highly successful demonstrations.

Dr. Knapp was the greatest demontor of intensive farming in this country. His service will result in revolutonizing agriculture in the United States, and especially in the Souht. Inconceivable as may be the value of his service in improving the methods of corn production, that is only one of the large number of his achievements. He revolutionized the rice industry in the Southwest and it was he who introduced improved Japanese rice into this country after extensive travel in Japan, China and the Philippines. His investigations and demonstrations greatly stimulated the rice industry in Louisiana, Mississippi, Texas and Arakansas. He was an intensively earnest and indefatiguable worker and frequently made prolonged lecture tours in the interest of the farmers. He has lectureed in many places in North Carolina and wherever he as has appeared there has been marked progress in agriculture.

Dr. Knapp was one of the leaders in the great fight of the government against the cotton-boll weevil, but of recent years he has been directing the work of the Agricultural Department toward the diversification of crops in the South, especially in the region so seriously affected by the weevil. Through his efforts many farmers were induced largely to give up the one-crop idea (cotton) and to plant corn and raise hogs. So successful has diversification been followed in Louisiana that the boll-weevil has some times been alluded to as a blessing in disguise.

Dr. Knapp's good work will continue to have its effect on our agriculture, but the death of such a great benefactor can but be regarded as a severe loss to the country at a time when his great usefulness was so widely recognized.

THE TOWN OF ROWLAND.

Thursday's issue of the Rowland Sun comes to us in the shape of an attractive trade edition and in it Editor A. C. Johnson has given to the public an altogether excellent and entertaining presentation of the progress and advantages of his enterprising and growing town. The edition contains 16 pages replete with descriptive matter and illustrations giving us a glimpse at Rowland's leading business houses and pictorially bringing us face to face with the enterprising business men who are making the live town of Rowland.

In his editorial notes Editor Johnson says: "Rowland is a very young town, not long past twenty-one, and yet more business is done here than in thousands of towns twice its age." Again he says: "It does not take an old man to remember when Rowland was nothing more or less than a pine and oak thicket."

We remember Rowland as a lot of woods and fields and it is not so many years ago when we saw work being done on the first building being erected in that now prosperous town. From the day that track-laying on the Atlantic Coast Line's Wilson-Florence "short-cut" reached that locality, the town has steadily grown till today it has a population of 1,000 and is a thriving, ambitious town, located in Robeson county, North Carolina, near the line which separates it from Marion county, South Carolina. The town has a flourishing bank, a live newspaper, a splendid graded school, beautiful churches, a cotton seed oil and fertilizer works, several substantial industries, numerous brick stores and frame business houses, a good hotel, and pretty streets lined with beautiful and happy homes. The town is the center of a large and growing business that extends into all the surrounding country in North and South Carolina, drawing from its tributary territory receipts of 10,000 bales of cotton annually.

The secret of Rowland's growth is that it is in one of the finest agricultural regions in the South, embracing the unsurpassed cotton lands for which Robeson, Marion and Marlboro counties are celebrated. The town is beautifully located in a fine cotton and tobacco growing section and there is no wonder that it has experienced a substantial growth and continues to grow as the unsurpassed agricultural section around it goes on developing year after year.

Rowland's business men are live and enterprising and in The Sun it has an excellent newspaper that is doing valuable work for the town.

GREAT DEMAND FOR LABOR.

The development idea is so widespread and the area needing development is so vast, it seems inevitable that one portion of the country is drawing on the other for its people. For years, the developing West drew on the South and the East, and the growth of the West has been largely at the expense of the South. The East is now on the defensive, urging its people to stay at home and even the press of New England has turned to boosting home opportunities in order to restrain emigration.

The "back home" movement in the South has put the West on the defensive. Western papers and organizations are not only still engaged in luring people West, but also are taking positive steps to prevent emigration from the West to the South. It is now a fight between the sections for people. It seems every State wants more people and the cry for labor is long and loud. The West sends up an insatiable demand for people, Canada is doing the same, the South is now in the field, and yet there are other countries all wanting more people.

Even far away Alaska is raking the West for labor, and is even invading Hawaii where the Honolulu officials are making strenuous efforts to prevent the recruiting there of laborers for the Alaskan canneries. It is complained that the taking away of laborers has already cost the Hawaiian planters several hundred thousand dollars, and consequently they are having labor agents arrested to keep them from taking their laborers away. In one instance the Hawaiian planters went so far as to serve witnesses supoenas on 200 intending emigrants with a view to detaining them. In spite of every effort to prevent their departure 254 sailed from Honolulu March 30th, for San Francisco whence they were forwarded to Alaska. It is said 2,000 laborers have been engaged at Honolulu, and that 1,800 others who have just been landed there by the planters at an expense of $200,000 will be solicited to go to Alaska.

The whole country wants more people and one country is robbing another. Where are they to come from? The competition for settlers is greater than ever and the country which offers the greatest inductments upon the most practical plan will get the most people. Evidently some will have to go without.

"Your Sunday edition was the best paper ever issued in Wilmington," was the remark yesterday of a gentleman, who has done more to contribute to the upbuilding of the city than any half dozen men in it. It was not a casual remark, either, for he called at the office to say so and the fact that his judgment is worth while, makes the compliment all the more satisfactory to those who have a part in making the paper.

That sounds like a big deal in Salisbury, when it is stated that W. J. Oliver, the Knoxville, Tenn., manufacturer and railroad contractor, has paid something like $1,000,000 for 50 per cent. of the stock of the street railway eltctaric light and power and gas companies of Salisbury, Spencer and Concord. It is said Mr. Oliver will have the controlling interest in all the properties, including the interurban line of 22 miles connecting Salisbury and Concord. We are on the eve of big things in the South, and it is now million dollar deals that we talk about.

CURRENT COMMENT.

Mr. Simmons is slightly handicapped by the fact that so far he is the only one in the crowd who has anything to lose.—Durham Herald.

Now, suppose Canada offered us annexation instead of reciprocity, would the most extreme protectionist refuse such an offer on commercial grounds? Would any American party have the audacious courage to say, "We do not want any addition to our national wealth. We simply want to sell the wealth we have to the highest bidder." And yet absolute free trade between the two countries would give us all the commercial advantages that would come from annexation. And nothing more. Canada has no "pauper labor" problem to scare our manufacturers. The tariff is not needed for the equalization of wages. Free trade with Canada would ultimately resolve itself ito a question of transportation. People who lived near the Canadian line would get their neighbor's raw material at lower rates than those who lived a hundred or a thousand miles from the border. And that is precisely what happens in interstate commerce; or would happen if there were no artificial methods used for the equalization of prices.—Boston Herald.

To a recent appreciation of good work by the Gideons in widespread distribution of Bibles should be added a word of praise for the useful and Ornamental Order of Drummers, or Knights of the Road, of whom, we understand, the band of Gideons largely is composed. None knows the festive drummer but to praise him; we fain would add our mild voice to the chorus. From the days when the first, the original drummer took to the road with his samples, the fraternity has been famed for a fearsome thirst and its strenuous efforts to assuage it. In wonder at the drummer's capacity and at the enthusiasm of his irrigation, observers opined that his legs were hollow, and this belief prevails in some sections even to the present generation. In his expense account scant attention was paid to board and lodging; "entertainment," "incidentals," and other euphemisms for liquid refreshment drew tears from the eyes of his firm and the cashier. Of late years, however, all this has changed, and no more temperate and abstemious traveler leaves footprints on the sands of trade. Were a census taken of the tribe the disclosure would be made that a majority of drummers now are total abstainers. And, more honor to him for the fact! The drummer has worked out his own salvation and has "reformed" on his own initiative. Here's to him!—Norfolk Landmark.

FOR A LONG LIFE.

Fresh air and exercise, with proper food and a sufficient amount of sleep are the essentials.

Under such a regime of living, germs cannot develop and many diseases are prevented.

Should the system require a tonic, take only such as you know their ingredients—such as Vinol, which is a delicious combination of the health-giving properties of the cod's livers, with all the useless greases eliminated and tonic iron added, happily blended in a mild, medicinal wine.

For this reason Vinol is regarded as one of the greatest body builders and invigorators for aged people. It invigorates and builds them up and keeps them up.

We sell Vinol with the understanding that if it does not give satisfaction the price will be returned. Robert R. Bellamy, Druggist, Wilmington, N. C.

FROM COTTON FIELD TO KITCHEN.

Cottolene comes from the oil of the nutritious cotton seed. Without touch of human hands, it flows through the factory from one process to another, and finally into pails sealed air-tight by special machines, and protecting the Cottolene also from dust and odors.

Compare this with most other cooking fats—made from hog fat, which is always more or less indigestible, and inferior in quality—and marketed in tubs or loose-covered pails.

From cotton field to kitchen, Cottolene is made with the single aim of purity, healthfulness, cleanliness. Of what other cooking fats can this truthfully be said?

PRIMARY ELECTION.

Notice is hereby given that there will be a primary election in the City of Wilmington on Tuesday, April 18th, 1911, for the nomination of candidates for the office of councilmen, as provided for in an act of the General Assembly of North Carolina, Session of 1911, entitled "An Act to Amend the Charter of the City of Wilmington." COMMISSIONERS OF COUNTY

Delgado Residents Complain of Alleged Nuisance—Vital Defect in Machinery Act—Other Business Yesterday.

At the regular monthly meeting of the Board of Commissioners yesterday afternoon, a large delegation of residents of Delgado with a number of prominent and influential friends of Wilmington, appeared before the Board to protest against the further maintenance of a near-beer saloon and resort at the intersection of the Castle Street Roadway and the lines of the Tidewater Power Co., near the village and known as the "Speeder's Boulevard," and the Board heard with interest a written opinion by County Attorney John D. Bellamy, Jr., with reference to the vital defect discovered Saturday by Chairman D. McEachern in the copies of the new machinery Act received here.

The delegation of Delgado citizens had as their spokesman Mr. Andrew J. Howell, assistant to the pastor of the First Presbyterian Church; Supt. W. A. Woods, of the mills, while others present included Dr. Wells, pastor of the First Presbyterian Church, this city; Rev. J. M. Plowden, pastor of the Delgado Church; Messrs. B. F. Hall, C. H. Robinson and others. In behalf of the delegation, Mr. Howell presented a petition from 225 or 250 residents of the mill village, men and women of responsibility and representing practically the unanimous voice of the people of Delgado. The petition or protest sets forth conditions as they obtain at and around the place complained of and several members of the delegation freely testified as to the unbearable conditions which they insisted were brought about by the presence of such an institution in their midst.

Chairman D. McEachern explained fully that under the law the Commissioners were powerless to exercise their discretion either in the issuance or revocation of the license, the law being mandatory, but he did not hesitate to say that the conditions complained of clearly constituted a nuisance and he asked for information under which he might go immediately before the grand jury and ask for an investigation. This information was forthcoming at once and the largely signed petition with names and specifications immediately furnished to the chairman, who later in the afternoon went before the grand jury and placed the facts in possession of that body with the understanding that a rigd investigation would be instituted at once. The delegation was one of the largest, most representative and most earnest that has appeared before the commissioners in some time.

The matter of the fatal defect in the Machinery Act, referred to in Sunday's paper, a discrepancy being shown in the property tax rate and the poll tax, was treated fully in the opinion by County Attorney Bellamy, who held that the defect was vital and upon motion the matter was referred to the chairman and county attorney with instructions to take the matter up at once with the Attorney General at Raleigh and secure an adjustment, which affects the entire State of North Carolina.

There were present at the meeting of the Board Chairman D. McEachern and Commissioners Kerr, Divine, Vollers and Metts; also Mr. John Haar, the clerk, and County Attorney Bellamy. Routine business occupied most of the remainder of the session.

A petition from citizens of Acorn Branch asking to be allowed to build a road was referred to the General Road Committee.

The Superintendent of Health reported 45 cases of smallpox and one of scarlet fever in the county, during the month . Influenza and pneumonia has prevailed in all sections of the county. One case of pneumonia and a case of continued fever at the Home, with a few cases of sight fever in the East Wilmington camp constituted the acute sickness in the county institutions, which were all in good sanitary condition.

Clerk F. T. Skipper, of the Recorder's court, presented his bond in the sum of $1,500 and the same was accepted.

Register of Deeds John Haar reported 30 marriage licenses issued during March and the payment of $28.50 into the treasury.

The monthly report of the Recorder showed a total of $195.70 in fines, $246.30 in costs, $67 in jail fees, a total of $509 receipts for the month of March. There was a total of 27 sentences to the roads and farms, the aggregate of sentences being something over 9 years.

Reports of the county road superintendent and superintendent of the county home were referred to the Auditing Committee.

Mr. F. A. Lord, appointed by the Corporation Commission, as supervisory tax assessor for New Hanover county, appeared before the Board and discussed with the Board and County Attorney informally his duties under the act. The following assessors were appointed at the same salary as last year:

Harnett—D. F. Klein.
Masonboro—Henry Horne.
Federal Point—Melvine Horne.
Cape Fear—J. Herbert Johnson.
Wilmington—Walker Taylor.

After a long discussion of taxation matters in general, the Board took a recess for further consideration and action, if necessary.

Upon motion of Commissioner Metts the election of a fish inspector was taken up and Mr. J. B. Hewlett was elected to the position. The name of Mr. D. J. Fergus was presented by Mr. Kerr but was withdrawn upon the statement that Mr. Fergus is now a member of the Board of Education and not qualified to hold two offices.

—Friends of Capt. J. M. Woolard are urging him to make the race for councilman from First Ward. He has about consented and when he enters the race he will have a very strong following all over the city, being a practical man and one who has served in public capacities before.

SUPERIOR COURT CONVENES

Three Weeks' Double Term Began Yesterday Morning—Dick Gause and Youth Arraigned for Murder—Submissions.

A double term of New Hanover county Superior Court began yesterday morning with Judge R. B. Peebles, presiding. The first week is for the trial of criminal matters and Solicitor Henry E. Shaw, of Kinston, is on hand looking after the interest of the State. As usual, very little progess was made on the opening day of the term.

All that was accomplished yesterday was the selection of the grand jury, the charge of His Honor, returning of true bills against Dick Gause, colored, and Clarence Summerlin, a white youth, charged with murder, arraignment of the defendants, and disposition of a few cases in which submissions were entered, court taking a recess at 4 o'clock until this morning, when jury trials will begin.

Mr. J.C. Springer was selected as the foreman of the grand jury and the other members are Messrs. S. E. Rogers, L. D. Bishop, A. B. Barden, W. H. Badon, W. B. Beery, H. E. Bonitz, T. V Sneeden, L. W. Moore, J. E Willson, John G. Kuhlken, H. G. Walsh, S. G. Batson, L. A. Curtis, J. D. Dosher, L. G. Bass, A. W. Taylor and W. J. Newton. After the jury had been drawn and empanneled, Judge Peebles made his charge, which was able and clear and fully covered the duties of this important body. In his charge, Judge Peebles told the grand jury that if any member of the body knew of any attorney who either solicited business, or who secured business through agents, he should be presented, as such an act on the part of a lawyer is a misdemeanor. Attorneys are supposed to be men of the highest standing and integrity, he said. and it is important that they should be.

In referring to the prohibition law, Judge Peebles said that it had been reported that the law is being flagrantly violated in New Hanover county and remarked that violation of one law leads to a violation of others. It is the duty of the grand jury, he said, to take action in cases wherein the Recorder has not assumed jurisdiction within 60 days after commission of the crime. This is the first grand jury since the body was given concurrent jurisdiction with the Recorder's court in cases in which the Recorder has not assumed jurisdiction within 60 days after the commission of the offense. Judge Peebles called attention to the importance of keeping the record of marriages correct, as in years to come this may have an important bearing on property rights. He told the grand jurors to visit the office of the Register of Deeds and see that the marriage record is properly kept.

A special venire of 250 names was ordered yesterday morning from which to select the jury in the case of Joseph Stevens, the young white man, charged with the murder of E. R. Shields, also a white man, about 18 months ago. The venire is made returnable Wednesday morning, when the trial of Stephens will begin. This will be the second trial of the accused young man. The first trial about a year ago resulted in conviction of murder in the first degree and the defendant was sentenced to be electrocuted, but on appeal to Supreme Court he was granted a new trial.

In the following cases nol pros with leave was entered: Lawrence Crawford, colored, charged with storebreaking; Moses Sessoms, colored, larceny; Paul Greenberg, a young white man, charged with selling whiskey, and in the case against the Southern Trading Stamp Co.

The grand jury yesterday morning returned true bills against Dick Gause, colored, charged with the murder of Ned Gibson, on the morning of March 20th, and Clarence Summerlin, the little 13-year-old white youth, charged with the murder of his chum, Bryant Kennady, whom he stabbed to death in Delgado store on the night of March 25th. Both defendants were arraigned at the afternoon session, but the time of the trial was not set.

It is likely that a submission to manslaughter will be made in the case of Clarence Summerlin and an effort made to have the court apprentice him to some reliable and responsible person. Several ladies of the city are understood to have interested themselves in behalf of the little defendant. The boy's parents are deaf and dumb and the boy contributed largely to the support of the family. He is too young to be sent to the penitentiary and to send him to a reformatory would be to deprive his parents of whatever he might be able to earn toward the support of the family. Still he should be placed in such environment as to bring out the best in him a d suppress the bad, therefore it is thought best by those interested in the case to endeavor to have the boy placed in charge of some person in the city or county who is capable of raising the boy as he should be brought up, and his earnings contributed toward the support of the family, upon w...ch the hand of affliction rests. After being arraigned the lad was remanded to jail, the case to be taken up again later in the week and disposed of. L Clayton Grant, Esq., represents the defendant.

Gause was also remanded to jail and Judge Peebles took under consideration the motion of L. Clayton Grant, Esq., counsel for the defendant, for a continuance until next term of court. He thought that the defendant had a defense that would be valid if properly worked up. A bottle of cocaine, he said, was found in the defendant's pocket when arrested, and stated that he would probably be able to show that the defendant, as well as the State's witnesses and the deceased, were sniffing cocaine during the night preceding the homicide and at the time of the killing all were under the influence of the drug. The defendant was told by Judge Peebles to stand up and he was asked how long he had been using cocaine, and he replied that he never had used the drug. Judge Peebles announced that he would take the motion under consideration.

After hearing an appeal of Rev. W. E. Cox, rector of St. John's Episcopal Church, who had made an investigation of the circumstances, Judge Peebles suspended judgment upon payment of the costs in the case against John Whaley, a white man, who appealed from the Recorder's court, where he was given a straight sentence of six months on the county roads for assault upon his wife. The defendant's recognizance was taken in the sum of $100 to make his appearance at every term of court for two years and show that he had not been drinking and that his behavior had been good. Whaley is said to be an industrious fellow and provides well for his family when sober, but is a terror when drinking. Arrangements have been made for him to take the McKanna Liquor Cure.

There were a number of submissions at the afternoon session of defendants who had appealed from the Recorder's court and all asked that the fine or sentence be reduced. Judge Peebles made it plain that he did not like to cut down judgments of Recorder's court, as it would encourage appeals to Superior Court. Judge Peebles also remarked that the rule that no lawyer who is surety for a defendant can appear for the defendant would be enforced against all in his court. He said that to allow a lawyer to go on his client's bond gives the lawyer with money an undue advantage over the lawyer without money.

Sidney Wilson, colored, charged with assault and battery, appeal from the Recorder's court, plead guilty and was fined $25 and costs. Mary Isaacs, colored, for assault with deadly weapon, appeal from the Recorder's court, was sentenced to three months in the county jail with leave to the County Commissioners to hire out. James Watters, colored, entered a plea of guilty to larceny from the person, and was given 18 months on the county roads. Robt. Johnson, a young white man, who appealed from the Recorpon, plead guilty and was fined $15 and costs for assault with deadly weapon, plead uilty and was fined $15 and costs. Jim Jevens, a white man, plead guilty to a charge of forgery, and as the prosecutor did not care to press the case, the defendant was let off upon payment of a fine of $10 and costs.

The grand jury had not returned a bill in the case against Garfield Ford, colored, for the murder of his wife, Julia Ford, a week ago last night, when court adjourned at 4 o'clock until 9:30 o'clock this morning.

FINE MEETING OF LEAGUE

Plans for Civic Improvement Further Discussed—Two Lectures in the Near Future—Other Matters Last Night.

Enthusiastic and encouraging talks were made regarding the plans for civic improvement at the public meeting of the Wilmington Civic League at the Elks' Temple last night. The reports of some of the committees and remarks of some of the other speakers indicate that the league has already accomplished something toward a cleaner, healthier and more beautiful Wilmington, and it is well known that the people are aroused and interested in the work as never before.

The meeting was presided over by the president, Mr. Adam Empie, and in attendance were a number of the leading spirits in the league, as well as some visitors, among the former being Mrs. M. L. Stover, the secretary; Dr. E. J. Wood, chairman of the sanitary committee; Mr. H. deW. Rapalje, chairman publicity committee; Mr. John J. Blair, chairman school civics committee, and others.

Among the visitors was Mr. Hugh MacRae, who is enthusiastic over the possibilities of the league, and stated that already he had observed much good from the efforts of the organization.

Dr. Wood, as chairman of the sanitary committee, reported that Dr. W. S. Rankin, secretary of the State Board of Health, had accepted an invitation to deliver an address in the city April 26th. Dr. Rankin will first make an inspection of the city and in his address will tell of actual conditions and point out the remedy. This he will do in his official capacity. Just preceding Dr. Rankin's address, Dr. J. N. McCormick, representative of the American Medical Association, will deliver a lecture on general lines. Dr. Wood also spoke of the anti-mosquito campaign, as did several other members of the league, and each person present was most heartily in favor of making a crusade on the pest. Mr. Hugh MacRae also spoke heartily in favor of the campaign and declared that he believed that results could be secured from such a crusade as planned. Mr. MacRae also referred to the great possibilities of Wilmington and this section. He stated that recently he entertained a prominent architect from California, who stated that this section has better natural advantages than California. It is with the people to make it as great a section as the State on the Pacific.

Mr. H. deW. Rapalje, who is deeply interested in the mosquito campaign, stated that he had received a letter from Dr. John B. Smith, of New Jersey, a widely known mosquito expert, stating that he would accept an invitation to visit Wilmington and aid in the campaign, provided it could be shown that enough interest is being taken by the people to warrant him in making the trip. In other words, he wants to know that the people are in earnest and that he can be of material assistance in the crusade, or he does not want to waste his time, which is very valuable, in coming here. It is hoped to have Dr. Smith here some time within the next few weeks.

Mr. John J. Blair told something of the work of the tree surgeons in the city, following the lecture given a few weeks ago under the auspices of the league.

He stated that trees in front of 38 properties had been treated, a total of 150 trees, since the lecture.

It was announced that the Holland Nurseries at Castle Haynes had offered to sell trees and shrubs at reduced rates to members of the league.

Mr. Herbert McClammy, treasurer of the league, has 1,000 copies of the by-laws, constitution and objects of the organization for general distribution, and it is hoped to place them in as many homes within the next few days.

THE CITY BOARD OF HEALTH

Regular Monthly Meeting Yesterday Afternoon—Endorses Crusade Against Mosquitoes—Favor Screen Ordinance.

The City Board of Health in regular monthly session in the Mayor's office at the City Hall yesterday afternoon at 4 o'clock, heartily endorsed the proposed campaign against the pestiferous mosquito and also went on record as favoring the screen ordinance which was adopted by the Board of Aldermen a few weeks ago, the measure being what the Board of Health has been urging for some time.

Members of the Board of Health believe the scheme to exterminate the mosquito entirely practicable and will lend every aid possible to those behind the movement. The mayor was asked to state to the Board of Aldermen at its session last night the attitude of the Board of Health on both the mosquito campaign and the screen ordinance.

Mr. R. C. Cantwell, superintendent of the city waterworks plant, was present at the first part of the session, and there was a discussion of the city water supply. Mr. Joseph D. Smith, a member of the board, notified his colleagues that he would tender his resignation to the Board of Aldermen as he would enter the race for councilman from the Second Ward.

The report of the health department for the month of March showed that there were 69 deaths from all causes, 27 whites and 42 colored. There were 59 births, 19 whites and 40 colored. There were 6,466 inspections of premises; 3,134 surface closets ordered cleaned; 1,100 orders issued for disinfectants; about 500 orders filled, and 82 fumigations.

There were no cases of diptheria during the month and no cases of scarlet fever remaining the last of the month. March 1st there were remaing 31 cases of smallpox; there were 44 new cases and 59 releases during the month, leaving only 16.

The meeting was presided over by Mayor Walter G. MacRae and in attendance were: Dr. A. H. Harriss, Mr. Joseph D. Smith, Dr. W. D. MacMillan, acting superintendent of health, and Mr. C. H. Martin, acting city engineer.

THE AUTO REPAIR CO.

Mr. L .B. Douglas Opens Shops at No. 12 Dock Street.

Th Wilmington Auto Repair Co., is the latest addition to Wilmington's new and progressive smaller enterprises that have come here iwth the development of automobiling. Mr. L. B. Douglas, of New York, lately with the Wilmington Motor Car Co., is proprietor of the new enterprise and many of his personal friends and former patrons will be delighted to know that he will remain in the city and continue business. Mr. Douglas has had exeprience in some of the largest factories and garages in the country and came to Wilmington with the highest recommendations from some of the leading manufacturers. Since coming to Wilmington he has "made good" in every particular and announces that he will be prepared to take care of any business entursted to him as soon as his quarters are put in order which will be within the next few days. He has an announcement elsewhere in today's paper which will be read with interest by auto owners of this city and section.

MAKES SERVICE UNIQUE.

Laymen to Give Short Talks at Evening Services at Fifth Street.

A unique feature of the evening services at Fifth Street M. E. church, which will continue for an indefinite period, will be short talks by prominent laymen on "Why I Am a Christian," preceding the sermon by the pastor, Rev. G. T. Adams. The new order was begun Sunday evening by a helpful and practical talk by Col. Walker Taylor. His remarks were impressive and he closed with an earnest appeal to every unsaved person to become a Christian. The talks at the evening service is a happy idea of the pastor and will doubtless be productive of much good. Following Col. Taylor's remarks the pastor preached on "What It Cost Not to be a Christian," from the parable of "the unfinished house" in Luke 14:28.

After contrasting in graphic manner the two standards of value; that of the world which is money and that of God, which is the moral and spiritual quality, the speaker proceeded with great earnestness to show that not to be a Christian meant a life of disobedience to God, failure to realize God's purpose or plans for the individual, the loss of fellowship in the family of God, to miss the glory and honor of working with God in the redemption of the world, and the final and eternal loss of the soul.

The sermon was born in a soul that was on fire with an impassioned earnestness that made a profound impression upon the large audience. The speaker's burning words, his striking illustrations on what it costs a person not to be a Christian, was of great interest to the congregation.

BAPTIST REVIVALS BEGUN.

Services Being Held in All Wilmington Baptist Churches.

Evangelistic services began in all the local Baptist churches Sunday morning and at each church there was a large congregation and more than the usual interest manifested. Services are being held every day. In the morning a union service is held at the First Baptist at 10:30 o'clock, and at night services are held in each church. The congregations were large yesterday, especially at night. Rev. Dr. W. L. Walker is doing the preaching at the First Baptist church and Prof. Wolslagel is leading the singing. At Brooklyn Evangelist Holcombe is doing the preaching, and the singing is led by Prof. Bobbitt. Evangelist and Mrs. H. A. Hunt are in charge of the services at Southside church.

MUSICAL CONCERT BY FACULTY OF PEACE.

Music lovers will have the opportunity of hearing a concert by the faculty of the music department of Peace Institute tonight at 8:30 o'clock in the Abbie Chadbourn Memorial Hall of the First Presbyterian Church, this city. The concert will be conducted by Prof. Brawley, director of music at Peace; Miss Dumais, vocalist, and Miss Paulsen, violinist. A charge of 50 cents admission will be made to defray all necessary expenses and the net receipts will be for the benefit of a fund which will be used in the purchase of a pipe organ for the chapel at the college. Those who love good music have a rare opportunity presented to them.

LOCAL DOTS.

—Voters are reminded that this is the last week in which they can register to vote in the primary April 18th, when candidates for councilmen will be voted upon.

—Friends of Mr. William Goodman will regret to know that he is critically ill in the James Walker Memorial Hospital where he underwent an operation yesterday morning.

—Ed. Herring, a well known fisherman of Wilmington, died yesterday morning of pneumonia at the hospital, aged 72 years. The funeral will be held today from his home in this city, No. 912 South Fourth street.

—The business men and others of the city are asked to remember that Friday of this week is Hospital Day—the day on which members of the Hospital Circle of King's Daughters make a special effort for funds for the institution.

—The fire department was called out Sunday afternoon on account of a small blaze at No. 1306 Brooklyn street, house occupied by Simon Gibbs. Sparks from a blazing chimney caused the fire, which did but little damage.

—In Justice Harriss' court yesterday afternoon Randolph Williamson and Daniel Garrett, white boys, pleaded guilty to a charge of larceny of brass from the gasoline launch of Mr. Geo. Penny, and were bound over to the Recorder's court, where they will be given hearing today.

—Deeds were filed for record yesterday as follows: J. O. Carr, commissioner, to Julius Irving Bear, for $500, lot on north side of Princess, 92 feet east of 11th, 40x66 feet in size; Mrs. Virginia C. Whitfield, of Monroe, N. C., to C. F. W. Rehder, for $3,500, lot on north side of Walnut, 70 feet west of Fifth street, 62x165 feet in size.

—N. B. Chadwick and Joe Yates, well known white men, engaged in a lively scrap at Eighth and Nixon streets last night about 8:30 o'clock. They were arrested by Mounted Officer J. S. Lane and the charge of affray lodged against them. Mr. Chadwick gave cash bond for the appearance of himself and Yates at the trial today. Mr. Chadwick has been constable in Cape Fear township, but it was stated at the hall last night that he had given up the office.

FAMINE RELIEF FUND.

Two Additional Contributions Were Received Yesterday.

MONEY TO FIGHT MOSQUITO

Appropriation by the Aldermen and Matter Now Up to Board of Audit and Finance—Action Was Unanimous.

Realizing that the mosquito is largely responsible for the spread of certain diseases, such as malarial and yellow fever, as well as being a most annoying insect, the Board of Aldermen last night unanimously voted an appropriation of $1,000, or so much as is necessary, to begin a campaign for the extermination of the pest in Wilmington, the money to be expended under the direction of the City Board of Health.

The appropriation was voted following an interesting address on the subject of the mosquito extermination by Dr. Edward J. Wood, who has given the matter no little consideration during the past few years, and who has ever been found ready to lend his aid to anything toward a betterment of the health conditions of the city. The matter is now up to the Board of Audit and Finance, which will meet in regular semi-monthly session tonight. It is believed that the board will concur in an appropriation to aid in getting rid of the mosquito. It is understood that those interested in the movement will appear before the body and explain in detail the plan, how and by whom the money is to be expended, what it is hoped to accomplish, etc., and with full information there is every reason that favorable action will be taken.

In addressing the Aldermen last night, Dr. Wood referred to the successful campaign against smallpox and spoke of the several others now being made to make Wilmington a cleaner and healthier city, and declared that the movement for extermination of the mosquito is the greatest undertaking yet—will mean more to the City of Wilmington from an economical standpoint as well as resulting in improved health conditions and making life more worth the while during the month the mosquito is at his best. By exterminating the mosquito you get rid of malarial fever and ward off the possible danger of yellow fever. There are no more mosquitoes in Wilmington than in other places, probably considerably less than in some cities, but it is desired to put this city ahead of all the others in the State in this respect, if possible. Dr. Wood said that it is an easy matter to get rid of the mosquito if efforts are begun at the proper time. It is rather late now, but the number can be greatly reduced and the class of mosquito, known as the "annoying kind," may be entirely exterminated during the next few months by the application on the stagnant pools of water of a certain kind of oil made for the purpose and through the co-operation of the public generally in keeping their own premises free of tin cans and other receptacles filled with water. Dr. Wood referred to the work of Dr. John L. Smith in New Jersey, which has been very successful. It is desired to have Dr. Smith visit Wilmington and give a public lecture on the subject of mosquito extermination, telling the people generally how they may help materially in the crusade. Then it is proposed to have an expert from Brunswick, Ga., come to Wilmington and instruct some persons, who may be designated for the work, as to how the oil should be applied and when to get the best results. Dr. Wood called attention to what has been accomplished in Brunswick, Ga., in the way of getting rid of the mosquito. A few years ago the mosquito was probably worse in that city than in any other in the country, but by the use of this particular oil the buzzing of the pest is a thing of the past, and malarial and yellow fever is now unknown there. Dr. Wood stated that the mosquito is already humming in Wilmington and as a result there are a number of cases of malarial fever, but, as is known, malarial fever in Wilmington is not of the maligant type that appears in other sections of the State, no deaths occurring from the malady, however, the patients suffer greatly and lose time from their business or work, making it exteremly costly, as well as working a great inconvenience.

When Dr. Wood had concluded his remarks, a few pertinent questions were asked by Alderman Hall, after which Alderman Yopp moved that $1,000, or so much as necessarp, be appropriated for the campaign. Seconded by Alderman Willard, the appropriation was voted unanimously.

WILLIAM GOODMAN DEAD.

Well Known and Highly Esteemed Wilmington Merchant Passes.

As a shock to the community will come the announcement this morning of the death of Mr. William Goodman, one of Wilmington's oldest and most esteemed dry goods merchants, which occurred at a late hour last night at the James Walker Memorial Hospital, where he underwent an operation Saturday night for internal complications. Mr. Goodman was 68 years of age and for many years had conducted a successful dry goods business on Market street. He was a Confederate veteran, a prominent member of the Congregation of the Temple of Israel, and of the Jewish order, B'Nai Brith. The funeral services will not be held before Wednesday. A more extended account of his career will appear later.

LEAD THEATRE

The Academy last night failed to open up a week's engagement of Miss Ruth Grey, known as "The Woman Wonderful," but this attraction is promised for next week. The postponement was all due to the demand in Charleston, where Miss Grey appeared last week, to remain over for another week. So it was decided to postpone her engagemnt hre, as it was thought that next week here would be just as good as the present week.

Bijou.

A regular laugh show, one sparkling with brightness and snappy with novelty, will be that offered today at the Bijou. It will be one great big laugh, from start to finish, and as the funny side of life is always that to be desired by the onlooker, the popular Bijou will likely be jammed at every performance today. The bill will be made up of three of the very latest comedy films. One of the big films possesses an element of adventure and one or two stirring scenes. This film is one that should be seen by all means. It is entitled "The School Marm of Coyotte County." "The Spinster's Legacy" is a shout from the very opening. It deals with the most absurd character of country life and the "hayseeds" that takes part will be the limit. "Bridget and the Egg" is another incessant rib-tickler, and the comedy situations are unique. The fun waxes fast and furious in this film. The musical part of the programme today will not be neglected and Mr. Frank Banks will be heard in one of his best selections.

Grand Theatre.

If you want to see an audience keyed up to the highest pitch, watch them when "Jim the Mule Boy" is unfolding its story on the screen. This picture shows some very thrilling scenes in a coal mine and are the first pictures ever made under the earth. Besides telling a dramatic story, the picture shows some very interesting scenes and is one of the most interesting pictures seen in some time. Another picture that was made for laughing purposes only, is entitled "Billy's Valentine." Patrons of the Grand know what to expect when they hear "Vitograph," and this picture is one of the very latest Vitagraph productions and will need no introduction at all. Another picture made by the Essany Company is "Circle C.'s Wedding Present." This is a comedy drama with scenes laid around Circle C. Ranch. Mr. Henry has selected "I'd Rather Say Hello than Good-bye," for his song and the orchestra will play a selection of Paul Linche's "Amnia." The doors open daily at 11 o'clock.

Crystal Palace.

That unusual and puzzling picture, "The Shadow of the Cross," which comes to this city for a limited stay, has facinated and confounded its millions of visitors. The picture is indeed more than a curiosity. Shown in the light it appears to be a partly finished, life-sized figure of Christ, with a blue background and somewhat mottled surface. In the darkness the figure stands out with marked distinction, and there also appears behind it, apparently bearing down on the shoulders of the figure, the black outlines of a cross. The lecturer explains the manner in which this phenomenon was discovered and tells of the places the picture has been exhibited. Visitors are permitted to inspect the painting as much as they please and no one has been found who can explain its appearance in the dark. In addition to this, Prof. Phillips is presenting the most highly educated trained animal imaginable, his pony Major McKinley, and also his trick dog. This act is very entertaining, especially for children. Two selected motion pictures will be shown today, matinees beginning at 3:30 and 4:30 and regular evening performances.

Joyland.

Today the Joyland will have a picture that every living man should see, married or single, as it is a feature film from every standpoint and is presented by the Reliance Stock Co. It is "The Valley of Shadow," and it is one of the best ever shown and that is saying much as Joyland has had some good ones. There is a beautiful story attached to it from which every married man can take a lesson as well as the single ones. This will be followed by a rip-roaring comedy. Mr. Reilly has selected a beautiful ballad, one of the latest and don't forget the feature film.

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Kills the Dandruff Germ and Makes the Hair Grow

Restores Gray Hair to Natural Color

FEW people are aware of the number of Dandruff Germs that infest the human hair and scalp. The germs which locate themselves in the follicle or sack which envelopes the root of the hair, spend a lazy existence in sucking up the juices which should go to keep life and strength in the hair. These germs cannot be seen by the naked eye, but with a magnifying glass of from 300 to 400 diameters the spores of this hair destroyer may be seen in masses, clinging to the hair.

DANDRUFF, ITCHING OF THE SCALP AND FALLING HAIR ARE A SURE SIGN OF DESTRUCTIVE GERMS.

Wyeth's Sage and Sulphur Hair Remedy not only kills the dandruff germs and prevents baldness, but it also **restores faded and gray hair to natural color.**

GIBBES'
GUARANTEED SERVICE

If you contemplate the purchase of an Automobile, come and see us and let us explain to you just what this "Guaranteed Service" means. We want to have a serious talk with you on the Automobile question. When we sell you a car we sell you service along with it. It is our purpose to make every owner of one of our cars an enthusiastic owner. There are only two ways of doing this. One is to sell a good car, and the other is to see that the car in question gives the best possible service. Every purchaser of a car is entitled to service along with his car, it don't make any difference who you buy the car from. When you buy a car think about this; it is a point worth taking a little while to think over. WILL YOU GET SERVICE FROM THE COMPANY SELLING YOU YOUR CAR? Make sure of this point, then buy. We sell you a good car, we see to it that this car gives you the best of service. It is to our advantage to do this. You boost your car to your friends; possibly it may lead to another sale for us; this benefits us. It is distinctly to our interests to see that you get the very best service from your car possible. We want to make you an enthusiastic owner. We want the chance to show you we have the best cars on the American market at their respective prices, and we are glad to demonstrate to you, to show you little things which count in the purchase of a car. You may not be as well posted as we are on the mechanical points of a car; we want to explain them to you. Our cars are safe, silent and easy to handle; they are mechanically right and beautiful. Watch them go by on the streets; listen to the easy purr of the engine; they are easy riding and elegantly equipped. At present we have a full line of both Touring Cars and Runabouts. We are here to show you. Even if you are from "Missouri," come and see us—we can show you.

NARROW RANGE FOR COTTON

Quiet Day in the Market—Close Steady Net Unchanged to Three Points Higher—No Aggressive Demand.

New York, April 3.—The cotton market was very quiet today, and prices fluctuated within a range of about eight points. The close was steady, net unchanged to 3 points higher. The market opened steady, at an advance of one to six points and during the first minutes active positions sold five to seven points higher in sympathy with better cables than expected, large English spot sales and on covering by sellers of late last week, who seemed to apprehend a renewal of the bull support noted on the break of late Saturday.

There was no aggressive demand in evidence this morning, however, and as soon as the initial buying orders had been executed, the market turned a shade easier on reports of further rains in the southwest and generally favorable reports from the south regarding the probable start of crops with people arriving here from Memphis, stating that planting would be active in the Mississippi Valley this week, weather permitting. Offerings became a little heavier, following a report that H. B. Claflin & Company had cut its quarterly dividend one-half of one per cent, and active positions sold about a point under the closing figures of Saturday, during the early afternoon, but no real weakness developed and the market later ruled irregular around to a shade over the closing figures of last night. New crop months were again relatively quiet and a steady tone, notwithstanding the favorable weather and early crop news and general business seemed to be restricted by a tendency to await Supreme Court decisions, owing to their probable effect on Wall Street, which is supposed to be carrying a considerable interest in cotton. Private cables attributed the relatively firm tone of Liverpool to Continental buying, and after the close of the local market a cable was received stating that the International Spinners' Federation estimated the stock of cotton held by the world's mills on March 1 as 200,000 bales less than last year.

Receipts today are 8,351 bales, against 10,278 last week, and 10,146 last year. To-day's receipts at New Orleans, 1,511 bales, against 5,087 last year.

Spot closed quiet; middling uplands, at 14.40; middling gulf, 14.65; sales, 100 bales.

Cotton futures opened steady and closed steady.

AN ADVANCE IN COTTON.

Advices More Favorable Than Anticipated—Market Features.

(Special Star Telegram.)

New York, April 3.—A slight advance at the opening in answer to more favorable advices than anticipated followed by a decline to the quotations of Saturday close on the rains in Texas is the record of the day. No outside demand followed the buying of Saturday, as the action of the other markets on improving crop prospects check any disposition to buy while the strong statistical position encouraged the holders to refrain from selling. Some new factor is needed to increase the demand especially from American Spinners. Liverpool should be one point lower tomorrow.

UNSETTLED IN STOCK MARKET

Wall Street Keyed Up to High Pitch of Nervous Tension Awaiting Supreme Court Decisions—Disappointment.

New York, April 3.—Wall Street was keyed up to a high pitch of nervous tension today, in expectation of the Supreme Court decisions in the anti-trust cases. Traders accordingly did not wish to commit themselves and business much of the time was virtually suspended, while the whole street eagerly awaited the news from Washington.

When word came from Washington that the Supreme Court had taken a recess and would re-assemble to announce further decisions shortly before the closing of the market, some speculators concluded that the long expected decisions would be made known at that time, and a large volume of selling orders was the result. It was not until some time after the market had closed that word finally came from Washington that the trust decisions were not to be made known today.

Although the stock market paid little attention to any news except that from Washington, there were two developments of more than usual significance—reduction of the dividend of the H. B. Claflin Company and the receipt of news of unfavorable character in reference to the steel trade. Three Southern railroads—C. and O., L. and N. and N and W.—reported moderate decrease in net earnings for February.

Bonds were steady. Total sales, par value, $1,706,000. United States bonds were unchanged on call.

Total sales for the day, 172,900 shares.

THE GRAIN MARKET.

Chicago, April 3.—Widespread rain and snow acted like magic today in sending down the prices of wheat. Crop prospects were believed to have been vastly improved by the timely moisture on fields, millions of acres in extent. Weakness prevailed at the close, which was ⅝ to 1 cent under Saturday's latest figures. The finish on corn varied from ⅛@¼ net gain to a shade loss; oats were a sixteenth to ⅜ to ½c. up and provisions 12 to 25½c. down.

Wheat—No. 2, red, 85½@86¼; No. 3, red, 83@85; No. 2, hard, 85½@86½; No. 3, hard, 83@85; No. 1, northern, 94½@96; No. 2, northern, 94@95; No. 3, northern, 93@94; No. 2, spring, 87@92; No. 3, spring, 87@92½ velvet chaff, 82@90; durum, 80@86.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE RECORDER'S COURT.

Few Unimportant Cases Heard at Yesterday's Sitting.

The Recorder had several cases to claim his attention at yesterday's session of his court, but none was of any special interest or importance. Several drunks were assessed the usual amount for such offenses. Lula Oliver, colored, charged with assault with deadly weapon on Lee Daniels, colored, was required to pay $10 and costs. It was shown that she cut Daniels but the wound inflicted was not serious. Thomas Williams, colored, was fined $15 and costs for hiting Maggie Davis, colored, with a brick bat. Robt. Green, colored, was found not guilty of a charge of burglary entered against him by Hattie Simmons, colored. The woman testified that she heard some one in her house a few nights ago and when she called out that she was going to get a pistol the intruder asked her not to shoot, that he was the man who came home with her daughter last Monday night. She did not see the intruder, but remembered that it was Graham who came home with her daughter at the time mentioned. The Recorder held that the evidence was insufficient and dismissed the case.

BOUND OVER TO RECORDER.

Negro Woman Cut White Man Severely With Hatchet Yesterday.

Janie Hollingsworth, colored, who is employed in the restaurant of S. Mickel, on South Front street, yesterday afternoon became angry with a patron of the eating house, John Williams, a well known white man, and is alleged to have made at him with hatchet and knife, striking him a severe blow across the hand with the first named weapon and inflicting a painful wound. The negress was arrested and taken before Justice Bornemann for trial. Upon affidavit for removal the case was sent to Mr. W. Harvey Cox, who occupies the dual position of Deputy Sheriff and Magistrate, and after hearing the testimony of witnesses bound the defendant over to the Recorder's court, where she will be tried today. She went to jail in default of bond.

Justice Bornemann said last night that he desired it stated that 'it looks to me like there is a conspiracy against me in the trial of cases, and I am going before the grand jury at this term of court and put the matter up to that body."

MRS. SALLIE M. WRIGHT.

Passed Away Yesterday Morning—Funeral Services Today.

Mrs. Sallie M. Wright, widow of the late Henry Wright, died at 8 o'clock yesterday morning at her home, No. 105 Magnolia avenue. She was about 65 years old and lived alone. She had been ill for several days, but just how long is not definitely known. Her illness just became known about 7 o'clock yesterday morning, when physicians were called. They held out no hope of her recovery and within an hour she had passed to the Great Beyond. Mrs. Wright was a member of the local post of the Salvation Army for the past five years and was a most earnest Christian woman. The funeral services will be held from the home this afternoon at 4 o'clock, conducted by Adjutant Williams, in charge of the local post of the Salvation Army, and the body will be laid to rest beside that of her husband in Oakdale cemetery. Mrs. Wright has no near relations living.

RAILWAY CLERKS.

Brotherhood to Enjoy Social Session Friday Night—Dr. McClure.

The Brotherhood of Railway Clerks are preparing for an interesting social session on Friday evening of this week, features of which will be an enjoyable banquet and an address by Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian church. The arrangements are in charge of a committee composed of Messrs. R. T. Sinclair, W. J. Swails and C. B. Newcombe and a thoroughly delightful affair is promised.

Dr. McKanna Coming.

In response to a number of invitations from private patients in this city, Dr. J. J. McKanna, the well known liquor cure specialist, telegraphs that he will arrive in Wilmington this evening. He has lately been to New York and Washington where he conducted successful classes for private patients.

COTTON FIRM CASE UP.

Will Be Called for Trial at Aberdeen, Miss., Today.

Aberdeen, Miss., April 3.—Members of the suspended cotton firm of Steele, Miller & Company, of Corinth, Miss., charged with having circulated bogus cotton bills of lading through the mails, will be called for trial tomorrow morning before Judge H. C. Niles in the United States District Court. In the government's charge it is alleged that J. H. Miller, L. C. Steele, C. H. Linde and K. H. McKnight composing the firm, are involved in the issuance of forged bills of lading aggregating several millions of dollars.

Among those her to testify are F. W. Mehrtens, cashier of the Deutch National Bank, of Bremen, Germany; Ferdinand Shaunk, a broker of Havre, France, and F. Van Gurpen, foreign exchange broker of New York. The list of witnesses also includes a number of prominent railroad officials and bankers.

Flint, Mich., April 3.—John A. C. Menton, socialist, was today elected mayor by a plurality of between 400 and 500 over Edwin T. Atwood, Republican.

DRAINAGE IN COLUMBUS.

Chadbourn to Rebuild School House. Strawberry Outlook Good.

(Special Star Correspondence.)

Whiteville, N. C., April 1.—One of the contractors who has the contract for digging the Chadbourn drainage district, was in Whiteville yesterday. He says they have about 3,000 yards of ditches cut, but this is only a start, as there will be 13 miles of ditches and canals, some of them 16 feet broad. He wanted to try and get the County Commissioners to hire the contractors the convicts to finish up the work, but the Board would not consider such a proposition for a moment; said they had rather hire those ditch hands to work the roads. There are about 60 hands at work, divided into two squads, but the contractors want to get at least 250 more, so as to rush this job to completion, as they have also the contract to drain Lyon Swamp in Bladen. They say they cannot employ machinery to any advantage, as there is not enough dirt to move at one place, so they use muscle power and shovels.

The County Commissioners met yesterday and granted Chadbourn school district permission to hold a bond election to rebuild the academy recently destroyed by fire. Rev. F. T. Wooten, county superintendent of education, left at once for Chadbourn to arrange for calling the election. He says they will put up a handsome and modern brick school building, with nine recitation rooms, besides halls and an auditorium that will seat 500 people. The building when completed, will cost about $10,000 and be furnished with modern equipment. Mr. Wooten says their loss by fire was about $3,500, as they only had $2,500 insurance, which they have collected.

Mr. R. E. L. Brown, who has been in Hendersonville for some time, is expected home next month, his health being much improved.

It is reported that Mrs. Wilkes, of Chadbourn, who has so long ran a hotel there, will leave in a short time for her old home in Ohio and there make her future home.

Rev. F. T. Wooten, one of our most successful strawberry growers, was in town yesterday. He stated that he had heard several complaints about the appearance of the weevil among strawberries, but it is only in isolated localities.

It is generally believed that the Fruit Exchange, managed by Mr. Fleming, of Georgia, and his admirable corps of assistants, will do a fine business this Spring. A number of growers who did not patronize them last season intend this Spring to let them market their crops. Mr. Fleming did a great work for the peach growers of Georgia. His family are all honorable and successful business men of Augusta, Ga.; a brother for many years representing that district in Congress. The Flemings for generations have been leading cotton men in Augusta. It is not believed that growers will make any mistake in turning their berries over to the Fruit Exchange.

PIEDMONT TRACTION CO.

Big Concern Increases Capital—Peace Institute Recitals.

(Special Star Correspondence.)

Raleigh, N. C., April 3.—An amendment to the charter of the Piedmont Traction Co., Charlotte, filed with the Secretary of State today, increases the capital from $100,000 to $1,500,000. J. B. Duke is president and L. C. Harrison secretary of the corporation, which is one of the several allied corporations controlled by the Dukes for the development of the electric power and interurban traction interests of Central and Western Carolina.

A charter is issued for the Pollocksville Spoke & Handle Co., of Pollocksville, capital $25,000 by J. H. Simmons, C. E. Foy and others. The concern begins business with $3,500 capital paid in.

Peace Institute, this city, is raising a fund for a fine pipe organ to be set up in the chapel of this famous old college for women. Prof. Brawley, Miss Dumais and Miss Paulson of the music faculty go to Wilmington tomorrow to give a concert under the auspices of the alumni association for the benefit of this fund.

Y. M. C. A. Campaign for College Completed With Money to Spare.

(Special Star Telegram.)

Raleigh, N. C., April 3.—The A. & M. College faculty, students and people of Raleigh joined in tonight in a stirring celebration of the signal success in the work of raising Raleigh's part in the college Y. M. C. A. building fund. The amount wanted was $7,500 and the day's solicitations rounded up $8,500. Supper was served, speeches were made and music by the college band and a round of college yells added enthusiasm. Building to cost $40,000. John D. Rockefeller donated $20,000.

PRIZE FIGHT MEN HELD.

Four Alleged to Have Violated California Laws.

Los Angeles, Cal., April 3.—Justice Reeves today held the two principals and two accessories of the alleged prize fight held at Vernon, on March 17th, for trial in the Superior Court, for a violation of the State law against prize fights.

Ad Wolgast, lighweight champion, and George Memsie, the principals, Charles Yeton, referee, and Thomas J. McCarey, promoter, all appeared in court and were held in $1,000 bail each. This was given by three of the men, but McCarey refused to provide and was held in custody. Habeas corpus proceedings in his behalf will be instituted.

AFFAIRS AT CLARKTON.

Two Deaths, One of Them Sudden. Personal Items.

Clarkton, N. C., April 3.—Two sudden deaths occurred here the past week. Mrs. Mary McKee, wife of the late James McKee, died suddenly of heart failure at the home of her daughter, Mrs. Henry Russ. She is survived by one brother, Mr. Harvel, of Brunswick county, and four children, David McKee, of Elizabethtown; "Bunk" McKee, of Rosindale; Mrs. Henry Russ and Miss Jeanette McKee of this place. The other a very sad death, occurred Saturday when Mr. G. W. Meshaw, of Rosindale, after having purchased a ticket for his return home on the 11 o'clock train was taken suddenly ill in the O. L. Clark Co., store, and later removed to the office of Drs. Clark & Evans, where he only lived a few minutes. His remains were carried to Rosindale on the same train for which he had purchased a ticket.

Mr. Neill A. Currie has gone to Richmond, Va., for treatment, he is accompanied by his wife and little son.—Mrs. J. P. Council, of Wananish, and Mrs. Carrie H. Clark, of Beaufort, are visiting friends and relatives here.

Mr. W. C. Carlisle and family have moved to Monroe.

GOVERNMENT LOSES FIGHT.

First Defeat in Effort to Punish Alaskan "Land Sharks."

Seattle, Was., April 3.—The government lost today its first battle in the effort to punish the alleged fraudulent locators of Alaska coal lands, Judge Cornelius H. Hanford, in the United States District Court, although he overruled the motion to instruct the jury to acquit Charles M. Munday, E. E. Sieglep and Archie Shiels, yet he sustained all the vital points contended for by the defendants.

The court's ruling leaves the government so little room to stand on that it is said to be almost assured that the prosecution will be dropped.

The lands in question at the English, or Sir Edward Stracey group. They are said to be richer even than the Cunningham claims. Estimates of their value range from one hundred million dollars to a much larger sum.

The defendants together with Algeron Stracey, a brother of Sir Edward Stracey, were indicted at Tacoma last Fall, charged with conspiracy to defraud the government. Stracey remained in Vancouver, B. C., and avoided arrest.

RAIN BALKED THE ARMY.

Nothing Stirring on Border—Reports About Firing on Americans.

San Antonio, Texas, April 3.—Rain today again balked General Carter, and there were no maneuvers at Fort Sam Houston Camp.

A number of the 200 militia officers, who will participate in the maneuvers arrived yesterday and today.

Full reports on the firing on American troops at Presidio, Texas, by Mexicans have been received by General Duncan. The investigation proved conclusively that the shooting was unintentional. The garrison at Ojinga, Mex., is being besieged by the insurgents, and shots are constantly exchanged. A patrol was sent out from the garrison to reconnoiter and they thought they saw rebels on an island in the Rio Grande. The shots fired at these men carried across the river and landed near several American soldiers, who were doing patrol duty.

Two cars have arrived with aeroplanes, but they have not been unloaded.

MAY REMOVE THE MAYOR.

Charges Against Roanoke Executive Carried In the Courts.

Roanoke, Va., April 3.—Following the report of the grand jury here in which Mayor Cutchin is asked to show cause why he shoud not be removed from office for mafleasance and collusion with persons of ill repute, the Governor today appointed Judge James M. Mullen, of Petersburg, to sit here at this term of court to hear the case. Today petitions to Mayor Cutchin asking him to resign pending investigation were circulated and signed by many citizens. The latest development is that complaint has been made to the commonwealth's attorney asking him to report to Judge Staples the fact that the mayor and Sergeant Leom, of the police department, are abusing witnesses, who testified before the grand jury which brought in the report.

CHICAGO ELECTION TODAY.

Precautions Taken to Prevent Fraud. Will Elect Mayor.

Chicago, April 3.—Extraordinary precautions will be taken to prevent fraud tomorrow at the municipal election at which a mayor will be chosen. Charges of fraudulent registration especially in the downtown wards today resulted in the issuance of special orders by the election boards and the police department to safeguard the polling places and to make arrests where suspicious of repeating are aroused.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at R. R. Bellamy's.

Cape Fear Oil Co.,
Wilmington, N. C.
Gentlemen:—This is to certify that in my flight over the City of Wilmington, as well as in all other flights made for the Wilmington Driving Association,, I used Gasolene furnished by the Cape Fear Oil Co. I found same to be very satisfactory and could not ask for any better.
Aeronautically yours,
(Signed) LINCOLN BEACHEY.
